REFINERIES SEIZURE DELAYED

GENERAL MACARTHUR IN REVOLUTIONARY GOVERNMENT ORDER

ALL BARS TO FREEDOM OF SPEECH, RELIGION AND ASSEMBLY BE REMOVED

TOKYO, Oct. 4.—(AP)—General MacArthur decreed a revolutionary Magna Carta for Japan today, ordering the imperial government to remove all bars to freedom of spech, religion and assembly, disband the brutal, still-active "thought police;" and release their 3,000 political prisoners by Oct. 10.

In a letter to the newly reorganized Japanese Central Liaison office, MacArthur told the imperial government pluntly and clearly to abolish all legislation restricting freedom of the people.

The letter also demanded removal from office of Home Minister Iwao Yamakazi, and chiefs of the Tokyo and Osaka metropolitan police boards and of the territorial police of Hokkaido.

MacArthur meanwhile offered no comment on Russian demands for a four-power control government to replace his rule in Japan.

Rising Clamor.

The orders went out amid a rising clamor by Japanese for release of the prisoners arrested by the "thought police" for voicing ideas that weren't in agreement with the pre-surrender government. The prisoners have been confined for years in fetid jails from the Southwestern tip of Japan to the northernmost home island of Hokkaido, sometimes called "Japan's Siberia."

Tokyo newspapers in the past week have reported the prison deaths of several of these political prisoners.

Iwao Yamazaki, who heads the "thought police", blandly denied any knowledge of the prisoners in an interview with the Associated Press today. He did admit that his men still were on the job, and said they were being especially vigilant against any Japanese daring to advocate "elimination of the imperial house, overthrow the constitution, violence against Americans or the Japanese government."

Explains Confiscation Papers.

Yamazaki explained in the interview that the home ministry's recent attempt to confiscate newspapers printing pictures of the Emperor calling on General MacArthus and American correspondents' interviews with the emperor was intended to "prevent repercussion among the people." He acknowledged, however, that when the picture and interviews did appear on the streets by order of MacArthur, "There was no reaction at all."

MacArthurl's five-page letter to the Japanese government was read to correspondents by Col. Ken R. Dyke, chief of the allied command's civil information and education service.

May Say What They Think.

It said in effect that the people of Japan are to be allowed to say what they think—including expressions about the emperor; worship as they choose; hold meetings as they desire; and not be fearful that the police will throw them into prison.

MacArthur demanded that the Japanese government turn over to

LAVAL TRIAL OPENS AMIDST UPROARIOUS CONDITIONS TODAY

DEFENDANT'S LAWYERS WALK OUT AND JUDGE LATER EXPELS LAVAL

By MEL MOST

PARIS, Oct. 4.—(AP)—Pierre Laval was expelled from the courtroom today during the first hours of the trial for his life and the presiding judge, Paul Mongibeaux, announced that the hearing would continue without the presence of the former chief of the Vichy government.

Laval's lawyers had walked out and the judge, jury and prosecutor shouted in unison at Laval's assertion at the tumultuous opening of his trial for treason that: "I am a pariot and I will prove it."

Mongibeaux expelled Laval after the defendant, in a heated argument, slammed his brief case on a table and shouted:

"Well, condemn me now. At least the situation will be clear then."

A son of Pierre Cathala, former Vichy minister of agriculture, applauded Laval's statement and was arrested amid cries of "lynch him!"

Hauled From Courtroom.

The judge at this point suspended the proceedings and mobile guardsmen, armed with tommy-guns, hauled Laval and young Cathala from the courtroom.

Though the white-tied Laval lost his first skirmishes, he fought back bitterly and prepared to act as his own attorney after his lawyers quit the courtroom, contending they had not had sufficient time to prepare their case or even access to the records.

Scorching words flew back and forth and so great was the confusion that it required Presiding Judge Paul Mongibeaux two

HOMERS WITH TWO ON — Big Hank Greenberg, clouting Tiger outfielder, smashed a home run into the left field stands in the fifth inning of the second game of the world series at Briggs Stadium in Detroit Thursday with Mayo and Cramer on base, giving the Tigers a four to one lead in that inning.

STRIKING CIO OIL WORKERS WILL HOLD MEETINGS THURSDAY

PLAN DISCUSSION OF RETURN-TO-WORK ACTION AFTER SEIZURE ORDERS

BEAUMONT, Tex., Oct. 4—(AP)—Striking oil workers scattered over sprawling Texas will hold meetings today to determine returning to work action following the government's plant seizure orders.

Twenty-five thousand employes of 25 strike-closed refineries and affiliated plants are involved.

Developments today were mainly verbal.

Jess J. Hickman, secretary of Local 367 of the Oil Workers International union (CIO)(at Houston said 'we have just got through losing a war" if the govehnment can force workers back on their jobs.

"If the government can, in peacetime, order men back to work at the point of a bayonet, and make them work the same terms and under the same conditions as before the strike was called, why, it means that we have just got through losing a war," he said.

Union meetings have been called in Houston to hear reports on the Washington conference of union and management with Secretary of Labor Schwellebach.

Closing Dowr Gradually

Both the Humble Oil and Refining Company here and the Ingleside Refinery near Corpus Christi continued closing down gradually.

See STRIKERS MEET, Page 10.

Magnolia Refinery At Ft. Worth To Close Tonight

FORT WORTH. Oct. 4—(AP)—Local 208 of the Oil Workers International Union will strike at the Magnolia Refinery here at midnight tonight, J. A. Guhl, local president, announced shortly before noon.

It will be the second refinery strike in the current widespread stoppages by the CIO union, the Fort Worth Sinclair plant having been shut down last midnight.

Guhl said the vote to strike at the Magnolia plant was taken at an employes' group meeting last night and that complete shutdown of the refinery is expected by 5 p. m. tomorrow. Personnel in the Magnolia group of the local totals 180, it was said.

A workman's committee will meet with the refinery management some time today to arrange for orderly closing of the plant the union said.

At Sinclair, where a token picket line was maintained today, a total of 110 men were involved.

Argentina's Army Dominated Regime Back in Doghouse

WASHINGTON, Oct. 4.—(AP)—Argentina's army-dominated government is back in the Pan American doghouse—only four months after it got out.

United States patience with the Buenos Aires brass hats ran out yesterday. Today the 19 other American republics appeared about ready to join in hanging up the diplomatic "quarantine" sign along the Rio de la Plata, Argentina's northern boundary.

Specifically, the republics seem certain to go ahead drafting a Pan American defense treaty that would exclude Argentina.

While treaty discussions are go-

DETROIT DEFEATED CHICAGO IN SECOND GAME 4-1 THURSDAY

GREENBERG'S HOMER WITH TWO ON IN FIFTH INNING CLINCHED VICTORY

BRIGGS STADIUM, Detroit, Oct. 4.—(AP)—The Detroit Tigers came riding back on Hank Greenberg's home run bat today to whip the Chicago Cubs, 4 to 1, in the second game of the 1945 world series and even the count at one win apiece.

Before a roaring, cheering throng of some 55,000 fans, Greenberg whacked a towering three-run four bagger to top off the Tigers' big rally in the fifth. The American leaguers cashed in on the seven-hit hurling job turned in by Virgil (Fire) Trucks, a blazing fast-ball right hander who returned from the navy less than a week ago.

Doc Cramer, the Tigers' center fielder, knocked one run across, just before Hank hammered his 375-foot clout out among the customers in the lower left field stands, and this was more than enough to send Hank Wyse, the Cubs' 22-game regular season winner, down to defeat.

For a time, earlier in the game, it appeared the Cubs must be on the way to another victory to match the 9-0 triumph they had turned in yesterday. After threatening once in the first inning, they shoved a run home in the fourth on a double by Phil Cavarretta and a single by Bill Nicholson, to take the lead.

But after that, Trucks just blazed his way through trouble, finally fanning pinch-hitter Heinz Becker with a man on base to end the game. All told, he struck out four and walked three, and the only Cub clouter to give him any serious trouble was Stan Hack, who beat out two infield hits and clouted a double.

Through four innings of this second game, played in mild weather sharply contrasting to the biting cold of yesterday's opener, Wyse matched pitch for pitch with the Tiger fast-baller—and even did better.

He'd given up only two hits for the first four frames and had retired the first twwo Bengals in the fifth, when the roof fell in on him.

Skeeter Webb, weakest hitter on the Detroit outfit, started it off by rolling a single through short. Then Eddie Mayo waited out a walk, but still it didn't look serious, with two away.

But Cramer came along in this spot with a single to left, and Webb waltzed in, leaving two mates on base.

That brought up Greenberg, who only last Saturday clinched the American league pennant for the Tigers with a homer with the bases loaded. Hank watched a ball and a strike go by. Then Wyse tried a high inside curve and the big fellow gave it the big ride.

Except for that lapse, the Cub pitching handled the Tiger thumpers without too much difficulty. All told, the Detroiters collected only seven hits off Wyse and his successor Paul Erickson—in the same number as Trucks gave up.

APPROVAL OF TRUMAN PLANS FOR CONTROL ATOMIC ENERGY SEEN

LAWMAKERS, HOWEVER, WANT HAND IN DECIDING FOREIGN INFORMATION

By JACK BELL

WASHINGTON. Oct. 4—(AP)—President Truman's plans for ironclad domestic control of atomic energy appeared bound today for early congressional approval.

Democratic leader Barkley (Ky) listed it as "every high priority" legislation in the Senate.

But legislators made it plain at the same time that they want a hand in deciding how much to tell the rest of the world about the atomic bomb

Mr. Truman separated the country's biggest enigma into home and abroad classifications in a message to congress yesterday.

He called first for creation of a presidentially -appointed commission to:

1. Control all mineral sources of atomic energy, plants and stockpiles.

2. Conduct all necessary research, experiments and operations on further development for "military, industrial, scientific or medical purposes."

Would Issue Licenses

3. Issue licenses for private operations based "upon a policy of widespread distribution of peacetime products on equitable terms which will prevent monopoly."

4. Permit production, import and export of energy producing substances only under conditions it prescribes.

5. Set up rules of censorship for information about material and equipment under its jurisdiction.

All of this sounded pretty reasonable to most congressmen.

But many found room for argument in the President's brief outline of his thinking along international lines.

He told his news conference yesterday he will have detailed recom-

Four Young Ennis People Killed In Bus and Auto Crash

DALLAS, Oct. 4.—(AP)—A Bowen Bus, traveling from Fort Worth to Corsicana, collided head-on with an automobile four miles west of Ennis, Texas, last night, killing four residents of Ennis and injuring 10 others.

The dead, all occupants of the automobile, were:

Martha Lou O'Bannion, 18; Billy Ray Causey, 18; George Wilkerson, 17, and Marjorie Edrington, 18.

BIG PEACETIME TAX CUT IS APPROVED BY HOUSE COMMITTEE

WASHINGTON, Oct. 4.—(AP)—The house ways and means committee approved today a peacetime tax cut of $5,300,000,000 for individual and corporation incomes.

The measure sweeps 12,000,000 persons off the income tax rolls completely after this year, in an overall $2,600,000,000 easement of tax liabilities for individuals.

The committee voted only partial repeal of the 95 per cent excess profits tax on corporations for 1946, but cut the corporation combined normal and surtax rate from 40 per cent to 36 per cent. This will reduce corporate burdens by $1,900,000,000.

It voted a reduction in excise levies on such things as fur coats, liquor, luggage, jewelry and cosmetics, effective next July 1. This would save consumers about $550,000,000 in the last half of 1946.

For individuals, the committee amended a previous action to raise the tax cut next year from $2,500,000,000 to $2,600,000,000. It stopulated that no income taxpayer shall receive next year less than a 10 per cent reduction in taxes.

Place Tincans On Curb Sunday For Collection

Tin, which remains one of the nation's most critical materials even after the cessation of hostilities, will be collected in Corsicana Sunday, according to Fred Prince, county war salvage chairman.

The tin, in the form of tin cans, is to be picked up from the curb in front of homes beginning promptly at 9 o'clock Sunday morning.

Women of the city are urged to have their properly prepared tin cans ready for the collection trucks.

"Wash cans thoroughly, remove the labels, cut out the ends sufficiently to tuck them inside, flatten the cans and have them on the curb before 9 o'clock Sunday morning," Prince advised Corsicana housewives.

Four Corsicana Soldiers Return.

Four soldiers from Corsicana have arrived from overseas assignments at Boston and New York ports this week, according to Associated Press dispatches.

They are T-Sgt. Alvin L. Shwarts, T-3 Claude Cunningham, Leonard M. Winter and S-Sgt. William D. Allen.

ATOMIC ENERGY MESSAGE OF PRESIDENT IS MOMENTOUS MOVE FOR WHICH WORLD BEEN WAITING

By DeWITT MACKENZIE
AP Foreign Affairs Analyst.

President Truman's atomic energy message, advocating development of this power for the benefit of humanity but the outlawing of it by international agreement for war purposes, is a momentous move for which the world has been waiting anxiously.

It probably is no exaggeration to say that the president's action is of far greater importance than the actual explosion on Hiroshima of the first atomic bomb to be employed militarily.

The death and destruction which it wrought are inconsequential as compared with the iron-clad control of this power for, as Mr. Truman says, "atomic force in ignorant or evil hands could inflict untold disaster upon the nation and the world."

We can be sure that government officials and scientists in the major capitals of the globe have been burning much midnigat oil over this problem.

It is not (we hope) that any country distrusts the intentions of Uncle Sam in the matter of the atomic bomb. Still it would be absurd to think that foreign countries weren't viewing the existence of this weapon with the gravest concern, especially since it is certain that other nations are bound to develop it before long.

Your columnist has had the feeling, for instance, that atomic energy has been responsible for some of the difficulties of the Big Five Council of Foreign Ministers. It seems quite possible that part of the barriers between Russia and the Anglo-American Allies were due to Moscow's desire to force an agreement over the atomic bomb which Russia doesn't possess. Thit is to say, one wonders whether some of the Soviet claims weren't raised and vigorously maintained for bargaining purposes.

REFINERY OPERATORS AND STRIKERS AWAIT GOVERNMENT SEIZURE

MOST UNION AND MANAGEMENT SPOKESMEN REFUSE COMMENT ON PLAN

By The Associated Press.

Texas, with 25,000 CIO oil workers idle and 25 refineries and affiliated plants shut down, awaited today promised government seizure of strike-bound oil companies.

Most union and management spokesmen refused comment on the White House announcement last night that necessary orders were being drawn up for taking over the companies today.

Governor Coke R. Stevenson's mail began to reflect strike action.

A telegram from the Goose Creek union said strikers were within their rights, but a letter from former congressman Thomas L. Blanton proposed that the Governor mobilize state officers and the State Guard and instruct them to run every labor saboteur out of Texas."

Secretary Comments

In Houston, Jess J. Hickman, secretary of the Oil Workers International Union (CIO) Local 367, said if the government can force men back to work "it means we have just got through losing a war."

D. H. Byrd, president of the Independent Petroleum Association of Texas, in a statement to the Fort Worth Star-Telegram from Washington said a closed shop and not wages was the vital objective of labor. He said labor was now receiving almost as much money as it was asking. He added that if the oil companies were allowed a 35 per cent boost in crude oil prices, they could pay workers a 15 per cent wage increase. It would mean, he said, a one-cent-per gallon increase in the price of

RESTRAINING ORDER ISSUED AGAINST LCRA ELECTRICAL UNION

WORKERS TOLD IN INJUNCTION NOT INTERFERE WITH OPERATIONS

AUSTIN, Oct. 4.—(AP)—Members of Local 520 International Brotherhood of Electrical Workers, were under court order today not to interfere with the management or employes of the Lower Colorado River Authority in the operation of the Authority's hydro-electric system.

A temporary restraining order issued by District Judge Raymond Gray of Llano on application of the Authority's legal representatives requires members of the union to return to the Authority any property of the Authority in possession of union members, compels them to remain off of Authority property and prohibits interference with operations.

Hearing on temorary injunction was set for October 13.

The order was issued on application of W. S. Gideon, attorney for the Authority.

Electric power flowed to all communities and army installations served by LCRA today, ending 59 hours of complete to partial interduption following a strike of operating employes.

Aproximately 90 of 140 workers left their jobs and the Authority announced intentions of replacing as many as possible with discharged servicemen.

None Yet Hired.

None has as yet been hired, said General Manager Max Starcke.

Pending an expected conference with a federal conciliator the striking workers through Local 520, International Brotherhood of Electrical Workers, marked time in their efforts to win recognition of their union as a bargaining agency.

In a statement issued by Business Manager Harry Bernhard the union said the LCRA, being a state agency, is not subject to the Wagner National Labor Relations Act but challenged the management to recognize the principle of the act guaranteeing the right to organize and bargain collectively.

The union reasoned that the act applies to utility companies that

One American and Several Japanese Killed In Explosion

TOKYO, Oct. 4.—(AP)—One American and several Japanese were killed in an explosion of an American ammunition-laden barge in Tokyos' inner harbor off Yokohama today. Three Americans and an unreported number of Japanese were injured.

There was no immediate report of the cause of the blast.

Injured were transferred immediately to the hospital ship Good Samaritan, anchored nearby, said the Yokosuka naval operations base commander who reported the tragedy.

Names of the casualities were withheld pending notification of the next of kin.

QUIET REIGNS AGAIN IN KUNMING AFTER SOME CIVIL STRIFE

CHINESE CENTRAL GOVERNMENT TROOPS BATTLE FORCES DEPOSED REGIME

By CLYDE FARNSWORTH

CHUNGKING, Oct. 4.—(AP)—Maj. Gen. H. S. Aurand, commander of U. S. services of supply units, today announced complete cessation of fighting at Kunming between the Chinese Central government troops and forces of deposed Yunan Governor Lung Yun.

The situation as rapidly returning to normal after at least three Americans were repored wounded by the gunfire.

It was reported unofficially that two of the wounded Americans were hit when provincin's surrounding the American army motor pool in Kunming fired on GIs retreating from the place. The Americans had been ordered not to put up any resistance.

Earlier, Yank troops had been reported isolated in two Kunming hotels as Central government and Yunanese troops battled.

Word of Aurand's announcement, which was confirmed by noontime observations within Kunming itself, reached Chungking by military telephone.

George Alexanderson, former New York Times photographer, reported from the Kunming Red Cross Town Club that the morning had been quiet so fas as he knew, and that Americans once more had the freedom of the city, although Aurand had not lifted his 8 p. m. to 6 a. m. curfew.

Battle Described.

Alexanderson, who has been working for the Chinese Central government on loan from the cultural relations division of the U. S. state department, described the battle last night beween Central government and provisional troops around the two hotels in which Americans had been isolated.

They fought for two hours, he said, before the government troops wiped out, dispersed or captured the provincials.

Central government troops refrained from using heavy weapons because of the Americans' proximity, he reported.

The isolated Yanks—number unknown—were reported being supplied by a liaison plane from Kunming's airfield on the opposite side of town.

Lt. James Chadwick, San Antonio, Texas, who was among Am-

Six Persons Killed In Auto-Bus Crash

SAN ANTONIO, Oct. 4—(AP)—Six persons were killed and another seriously injured and nine escaped with minor injuries in a headon collision late yesterday between a hospital bus and an auto at Seguin. W. Summers, driver of the bus, was the only victim identified early today.

The bus used for transferring of patients of the Riverview Hospital here, turned over and burned. Two women patients and the three male occupants of the other car were also killed.

PRESIDENT TRUMAN READY TO ACT TO END OIL WORKERS STRIKE

THERE WAS NO LETUP IN LABOR SQUABBLES HOLDING UP RECONVERSION

By HAROLD W. WARD

WASHINGTON, Oct. 4—(AP)—President Truman today delayed temporarily the issuance of orders for government seizure of oil properties affected by a 15-state strike of CIO oil workers.

Charles G Ross, press secretary, first announced the orders would be released about 11 a. m. (Central Standard Time) but shortly after that hour reported they would not be issued 'for at least two hours."

There was no explanation of the delay Ross had said the seizure orders were being drawnup following failure of government attempts to settle the strike of 43,000 workers through arbitration of wage demands.

Meanwhile, President Eric Johnson of the U. S. Chamber of Commerce, conferred with Mr. Truman about the labor crisis and emerged with the statement that both management and labor will have "to use their heads" to solve current disputes.

Should Use Heads

"I say to you in my opinion if management and labor ought to slug it out rather than reason it out, they'll be fighting it out for several years," Johnston told reporters.

"We'll have to use our heads not lose them."

He said he told the President he was optimistic over prospects for success at the labor-management conference next month.

"But, he said, "I'd like to stress that we're not going to solve all the problems in the world at that meeting."

Another development on the labor front was President Truman's acceptance of the' resignation of J. Holmes Davis as a regular industry member of the National War Labor Board. He has served on the board 21 months.

Davis had told Mr. Truman that now that the war is over, he found it necessary to give his full time to his own business affairs.

Acts of Sabotage

At the Capital, Senator Wiley (R-Wis) told the Senate that strikes now are 'acts of sabotage against reconversion."

"A strike against the government is only one step removed from rebellion." Wiley declared. "Similarly a strike against the people that deprives them of food transportation and communication is well nigh treason."

Ross said that the oil seizure orders would affect the struck oil properties but did not disclose whether entire companies or affected refineries will be taken over.

Neither did he say what Federal agency would be authorized to

See LABOR, Page 10.

NEW AND CONTINUING DISPUTES SNARLING INDUSTRIAL TRAFFIC

MOUNTING LABOR STRIFE, MOSTLY OVER WAGES AND HOURS, REPORTED

By The Associated Press

New and continuing disputes snarled traffic along the nation's broad labor front today, slowing the pace of the country's reconversion program.

The mounting strife over labor issues—most of them involving wages and hours—brought a new high in the number of idle this year. The more than 180 separate strikes, shutdowns and work stoppages kept more than a half million workers away from their jobs. Fresh stoppages threatened to greatly expand the strike lines.

As President Truman prepared to order seizure of oil refineries in 15 states after the government was unsuccessful in conciliation, labor department officals were confronted with serious trouble in Eastern coal fields.

Shipping in New York harbor was partially paralyzed by a portwide strike of 60,000 workers, including 46,000 AFL Longshoremen.

To Discuss Work Return

As the President's seizure order was awaited, the executive board of the CIO oil workers international union called a meeting to decide whether to ask the 43,000 strikers to go back to work for the government. In Northern Indiana, where eight plants of seven companies have been closed, a union spokesman said the strike in that area will continue.

The union, demanding a 30 per cent wage increase, was agreeable to Secretary of Labor Schwellenbach's temporary compromise of 15 per cent and naming of an arbitrator for final settlement. The offer, however, was not acceptable by 10 of the 11 oil companies and Schwellenbach recommended seizure of the plants.

More Miners Idle

The shutdowns of soft coal mines jumped to nearly 400 and the idle to about 115,000 in four states as additional thousands of miners

See STRIKES, Page 10

MUCH ACTIVITY IN MONTHLY REPORT OF LOCAL HEALTH UNIT

Fifty-three cases of reportable diseases are included in the September tabulation of the Corsicana-Navarro Health Department mailed to Dr. George Cox, state health officer, by Dr. Will Miller, acting director, his week.

Of this number three were diphtheria, 29 gonorrhea, five influenza, two poliomyelitis, two scarlet fever, eight syphilis, one tuberculosis, two whooping cough, three measles.

One child under three years of age was immunized for diphtheria, and 112 children four years and over received immunization for this disease. One typhoid fever immunization is reported.

In the venereal disease control program, 82 clinic visits are listed.

Water Supplies.

Nine water supplies were chlorinated and 30 water samples were collected for laboratory analysis under the general sanitation program. Inspections were made of one public premise, one private premise and one tourist camp site. Two rural schools also were inspected.

Three public water supply field visits were made, and three sewerage system field visits are listed, resulting in one correction. Four mosquito breeding places were eliminated.

Two buildings were treated for rat destruction and four rat baits were prepared. One sanitary survey was completed and three new programs started.

Fifteen Inspections.

Under nuisance and complaint investigations, 15 inspections were made and four corrections recommended. Fifty-three promotional and eight consultant sanitation visits are reported.

Food establishments registered for supervision included eight eating and drinking establishments and five grocery stores. Food establishments inspected included 50 eating and drinking establishments, 68 grocery stores and one meat market. Many corrections resulted.

Two dairy farms registered for supervision, and 44 other dairy farms were inspected, with five corrections resulting. Three Pasteurizing plants registered for supervision. Seven slaughter houses were inspected.

Laboratory specimens examined included seven water, bacteriological; 18 water, chemical; three gonorrhea.

DAVID IS ELECTED SOIL SUPERVISOR FOR THIS DISTRICT

W. Lewis David of Pickett was elected supervisor of the Navarro-Hill Soil Conservation District at a meeting of property owners of that section extending from Corsicana west in Navarro county, held at the courthouse Tuesday evening. David succeeded G. E. Moore of Frost, a supervisor of that area since the formation of the district, who did not desire to serve another term, it was stated.

Other supervisors include E. Creekmore, Hillsboro, chairman; Thad Jones, Hubbard, secretary; W. C. Pearce, Corsicana, and Morris Crawford, Kerens. The board supervises soil improvements and conservative programs.

The district embraces all of Navarra county, a large part of Hill county and small segments of Ellis, Hill, Limestone and Freestone counties—an area slightly in excess of 1,000,000 acres.

David, a graduate of Texas A. and M. College, operates extensive farm interests in the Pickett community.

Capt. and Mrs. Dudley Mays and family hae arrived from Norman, Okla., for a visit in the home of Mrs. Mays' mother, Mrs. Henry Warren.

Pvt. H. N. Reeves Liberated From Japanese Camp

Pvt. Hurshel N. Reeves has been freed from a Japanese prison camp on the main island of Honshu his parents, Mr. and Mrs. J. B. Reeves of Frost, have been notified.

Reported to be in good health by the government, Reeves is expected home soon.

The 23-year-old Blooming Grove High School graduate was captured by the enemy at Corregidor on April 9, 1942, and had been shifted from prison camp to prison camp until he reached Honshu more than a year ago. Mr. and Mrs. Reeves received only five prisoner of war cards from their son during the intervening years.

Private Reeves, a mechanic with the Army Air Corps, entered the service in 1941 and went overseas in June of that year.

Pfc. Homer Wood Died In Japanese War Prison Camp

Pfc. Homer L. Wood, son of Mr. and Mrs. D. H. Wood, 214 East First avenue, died in a prisoner of war camp in the Philippine Islands June 29, 1942, as a result of malaria.

This information was contained in a letter received Tuesday by the Woods from Brig. Gen. Robert H. Dunlop of the war department in Washington.

Previously, the department had notified the Woods that the presumptive date of their son's death had been established as May 8, 1944.

Private Wood apparently died a short time after his capture by the Japanese. He had been reported missing in the Philippines since May 7, 1942.

A former student at Corsicana High school, he went overseas with an anti-tank corps in March, 1941.

Hugh Garland Is Liberated From Jap Prison Camp

Pvt. Hugh Garland 24, U. S. Army, FA, has been liberated from a Japanese prison camp in Japan and was returned to U. S. Military control Sept. 14, 1945, according to information from the war department received Wednesday by his parents, Mr. and Mrs. H. A. Garland, 1528 West Fifth avenue. The message stated he will be returned to the United States in the near future.

A member of the 131st Field Artillery, the "Lost Battalion," Garland was captured in Java in March 1942. For the past two years he has been in Japan. During his imprisonment five cards and one recording of a brodacast were received by his parents.

Garland was a member of a local National Guard Unit when it was mobilized and federalized in November, 1940, and volunteered for service in the Pacific area.

Contingents White Selectees To Take Physical Exams

Contingents of prospective white selectees will be sent to Dallas for pre-induction examinations Friday from the two Navarro county draft boards. Negro contingents were sent Monday for pre-induction physical examinations Monday morning.

Negroes accepted for military service recently from Navarro county draft board No. 1 are Jack Benner, army; John Brown, Adolphus Nolen and Youral Arthur Means, all to the navy.

ANITA GORDON

FORMER CORSICANA GIRL BREAKS ALL RECORDS FOR BEGINNER IN HOLLYWOOD

Miss Anita Gordon, daughter of former Corsicanans, Mr. and Mrs. Pete Gordon, broke all records in Hollywood for a fifteen-year-old beginner recently when she signed three major contracts in one day for starring roles—one a seven year contract with 20th Century Fox, moving pictures; another with the Edgar Bergen-Charlie McCarthy Program, radio; and a third with Columbia recording.

Bright Future

It is being predicted in Hollywood circles that she will be one of the outstanding stars since she has been thoroughly educated and prepared for the various roles that she is to assume. She has had eight years of continuous voice study with her uncle, Leonard Gordon, well known former Corsicanan, and sings either popular or classical music. She has had the finest dance teachers in Hollwood for a number of years and does all types of dancing in a finished manner. She is also said to be just as splendid in drama as she is in singing and dancing, and, in addition, she is said to possess beauty and personality plus.

Miss Gordon has hundreds of relatives in Navarro County who will be thrilled to hear of her recent success.

Press Comment

In a recent column of the Los Angeles Times, titled Drama and Film, Hedda Hopper said: "It doen't happen here very often, but when it does, it's good. Sure, we have another Cinderella. She's fifteen-year-old Anita Gordon, who signed for a contract with 20th Century Fox, a singing spot on Edgar Bergen's show and an agreement for recordings all in one day.

"Seems that Anita's father, Pete Gordon, took a homemade record of his daughter's voice to Harry Norwood. Harry, realizing he had something, closed all three contracts. Anita's voice teacher is her Uncle Leonard, who used to be musical director for Billy Rose. Anita has never appeared professionally, but spent her time during the war singing for our boys when their ships came into local harbors. Keep your eye on her."

From "Light and Airy," a column by Jack Hellman in Daily Variety, come the following comment: "Harry Norwood, who has a long string of discoveries to his credit, has come up with the crowning catch of his long career. She's Anita Gordon, fifteen-year-old rhythm stylist. After auditioning her for the Charlie McCarthy show, on which she debuted professionally on September 16th, he also signed her for pictures at 20th Century Fox and recordings at Columbia. All in one day, which is without precedent for a newcomer. Others launched on careers by Norwood include The Merry Macs, Bob Hawk and June Allyson."

Leonard Gordon's Success

The success of Miss Gordon's voice teacher, Leonard Gordon, is also outstanding in Hollywood circles, where he is now manager and director of the Hollywood Operetta Company which specializes in operettas, acts, radio anad choruses, and has a studio at 1558 North Vine street. He directed the official chorus of Billy Rose's Texas Centennial Shows, the official chorus of the Pan-American Exposition representing the 21 Nations of the Americas, and the Dixie All-Star Minstrel broadcast from Holiywood. The latter was considered the most popular singing group of the Southwestern States, having broadcast over 25 stations covering a ten-year period singing more than 50,000 songs.

Mr. Gordon has been vocal coach of more than 26 stars of Stage, Screen and Radio including Joan Leslie, Madge Bellamy, Lois Andrews, Gladys Snyder, Peggy Diggins, Peggy Ryan, Bebe Fox, Mary Brodell, Geore W. Mooney, Eddie Dean, Alvis O Thomas, Robert S. Arnold and Eve Southern.

NORTHAM L. MURPHY FUNERAL SERVICES HELD WEDNESDAY

Funeral services for Northam L Murphy, aged 26 years, were held Wednesday afternoon at 3:30 o'clock from the Corley Funreal Chapel. The rites were conducted by Rev. D. R. McCauley, pastor of the Central Methodist church here. Burial was in Oakwood cemetery.

Murphy was instantly killed, it was reported here, when he fell from a moving passenger train near Sanderson, Texas, late Monday. Recently discharged from the U. S. Army after seven years service, three of which were spent in the Aleutians and in the Philippines. Murphy was enroute to Corsicana to visit relatives at the time of his death.

The discharged soldier had visited his wife and three-year-old daughter in California after being discharged. He was reared in Corsicana. Murphy was wounded during the Philippine campaign.

Survivors other than his wife and daughter are four brothers Curtis Murphy, Houston; Derwood Murphy and Eldon Murphy, both of Galveston, and Troy Murphy Corsicana; a sister, Mrs. T. A. Adgate, Galveston, and other relatives. A brother, Finis Murphy was killed in action at Leyte last Spring.

Pallbearers were Dub O'Neal, C. T. Floyd, Rutherford Murphy, Lem Smith, J. A. Rowell and A. B. Jones

Globester In Honolulu

HICKAM FIELD, Hawaii, Oct 3.—(AP)—The world-circling Globester cannonballing 2,448 miles from tiny Kwajalein island in 11 hours and 55 minutes, landed to a rousing Hawaiian reception at 8 a. m., Honolulu time (2:30 p. m. Eastern Standard Time) today.

Mrs. J. L. Rascoe And Duran Summerall Married Saturday

The marriage of Mrs. Jimmie Lou Rascoe, daughter of Mr. and Mrs. George Bush, to Duran Summerall, son of Mr. and Mrs. Fred Summerall, took place Saturday morning at the bride's home.

The Rev. Jack Goff read the ceremony in the presence of a few close friends and relatives. Mr. and Mrs. Jack Park and Mrs. Max Thornell were the couple's attendants.

The bride is a graduate of Corsicana High School. The bridegroom recently returned from 28 months overseas service with the 36th Division in Africa, Italy, France and Germany. He received his discharge last July 31.

Mr. and Mrs. Summerall will be at home at 510 West First Avenue after a short wedding trip.

REORGANIZATION NAVARRO COUNTY BOYS' 4-H CLUBS

Re-organization of 4-H Clubs for Navarro county boys was initiated by assistant county agent F. M. Gracey Tuesday who began visitation of various schools in the county where organization of 4-H Clubs for 1946 will be perfected.

Members will be enrolled at each of the organization meetings and officers will be elected at the regular club meetings in December Gracey said. Clubs will meet as usual on a regular monthly schedule, with the assistant county agent present to assist in outlining club work and to direct club projects.

Special emphasis will be given to encouragement of feeding of beef calves with plans for showing in the Corsicana livestock and Agricultural Show next fall, Gracey said. The 4-H program for the year will also include various livestock demonstrations, crop production, and additional projects.

Membership of 4-H Boys Clubs in the county in previous years totaled 400, and it is expected that this year's enrollment will reach and perhaps exceed that number.

Schools included in Gracey's reorganiaztion itinerary are the following: Petty's Chapel, Roane Rice, Zion's Rest, Powell, Kerens, Long Prairie, Mildred, Richland Purdon, Alliance Hall, Dawson Frost, Blooming Grove, Barry, and Emhouse.

Plans are being made to organize 4-H Clubs in the Corsicana Junior High School and in some of the ward schools of the city, Gracey stated.

Capt. A. C. Falk, ATC Pilot, Has Been Awarded DFC

CALCUTTA—Capt. Arnold C. Falk, pilot, of 212 North Thirtieth street, orsicana, Texas, has been awarded a Distinguished Flying Cross, it has been announced by Brig. Gen. William H. Tunner, commanding general of the India-China division, Air Transport command.

The India-China division is completing, by homeward movements of freight and personnel, its war mission of trans-India, India-China and intra-China transport. It has made air history by flying cargo and passengers in regularly scheduled day and night transit over routes once virtually unusable, primarily the famed Hump. Its war contribution, say aviation leaders, has provided far-reaching portents for the future of air transport on a world-wide scale. July, 1945, saw 71,000 tons cross the Hump, while at the moment of Jap surrender the rate was nearly two tons a minute.

M. J. BURLESON DIED CALIFORNIA; TO BE BURIED HERE

Marsh James Burleson, age 44 years, died Wednesday in Napa, Calif., and the body will be returned here for burial.

Funeral arrangements are not complete but probably will be held from the Corley Chapel some time Tuesday. Interment will be in Hopewell cemetery.

Surviving are a son, Bobby James Burleson, Austin; his father, J. D. Burleson, Streetman; his mother, Mrs. Stella Burleson, Dallas; three brothers, Joe Burleson, Dallas; Sam Burleson, Dallas; Harvey Burleson, Streetman; five sisters, Mrs. I. L. McKamy, Dallas; Mrs. J. A. Schrimpf, Dallas; Mrs. Hugh Dodd, Dallas; Mrs. Hal R. Adair, Dallas; Mrs. H. L. Murray, Uvalde, and other relatives.

TAX COLLECTOR'S DEPUTIES APPROVED BY COMMISSIONERS

Approval of deputies for Halley Blake, assessor and collector of taxes, for two months was voted Monday afternoon by the commissioners' court. The deputies and salaries allowed were R. S. Daniel and Allen Edens, both $150 per month; Mildred Summers and Mrs. Ethel Still both $115 per month; J. W. Varnell, $100, and three extra deputies at $3 per day.

Bids were received for a truck but no action was taken.

Authority for the borrowing of $2,500 for road and bridge, Precinct 2, to be repaid Dec. 15, was granted. All voted aye.

Authority for the borrowing of $3,500 for the general fund to be repaid Dec. 15, 1945 was granted, along with a transfer from the general fund to the salary fund of $2,500.

Much Homebrew Seized.

Sixty bottles of homebrew were seized in a raid on East Second avenue Tuesday afternoon, R. T. Bailey, state liquor control operative, revealed Wednesday morning. One arrest was made in the case.

Opening, Closing Hours Local Banks To Change Monday

Various opening and closing times apparently will be in vogue among Corsicana business, governmental and professional concerns, a survey Tuesday morning indicated following a couple of days since wartime was suspended and standard central time was resumed.

Banks this week are opening at 10 a. m and closing at 3 p. m., but effective Monday, Oct. 8, the opening will be at 9 a. m. and closing will be at 2 p. m., according to an announcement Tuesday.

The postoffice opening is 8 a. m. and closing is 6 p. m. The city hall offices and departments open at 8 a. m. and close at 5 p. m., as are the furniture and hardware concerns, it was indicated.

Chain smallwares dealers are opening at 8:30 a. m. and closing at 5:30 p. m., while department stores, shoe establishments and men's clothing stores are observing opening at 9 a. m. and closing at 6 p. m.

Meetings were held last week in an effort to arrive at a uniform opening and closing hours, it has been stated, but the different business circles did not agree. It is known that some of the department stores and allied interests are favorable to a compromise to the 8:30 a. m. to 5:30 p. m. hours, but apparently no move had been made in that direction Tuesday morning.

Chain grocery stores are observing 7:30 a. m. to 6:30 p. m. hours. Some independent stores are using slightly different hours.

Courthouse departments for the most part open at 8:30 a. m. and close at 5 p. m., although some open at 8 a. m. and others at 9 a. m.

Drug stores have different schedules both week-days and Sundays.

PLAN STREAMLINED MEMPHIS - HOUSTON HIGHWAY BUILDING

By VIRGINIA VAN DER VEER

WASHINGTON, Oct. 4—(AP)—Capitol Hill advocates of a streamlined Memphis-Houston Highway have encouraging news on the progress of their project.

Road Commissioner Thomas H. MacDonald has reporter surveys and plans now are underway on most of the route which is not already up to standard.

MacDonald made his report in a letter to Rep. Brooks (D-La.), chairman of a special congressional committee which is urging work be started on a superhighway as soon as possible.

The route, as outlined by the Road Commissioner, would follow present U. S. Highways 79 and 59, and pas sthrough Lufkin and Livingston, Texas.

House members advocating the route with Brooks include Beckworth, Thomas and Pickett, Texas Democrats.

Emergency Wartime Permits To Expire

AUSTIN, Oct. 4—(AP)—Transportation of gasoline by motor carriers under emergency wartime permits will cease on March 2 1946, the Railroad Commission reminded today.

Thereafter it will be necessary for operators to hold permanent certificates after hearing and showing of public convenience and necessity. Although the commission has not adopted a schedule of hearings it advised operators wishing to convert permits to make immediate application.

CORSICANA, TEX., OCT. 5, 1945

BACK TO FARMING

It is betraying no business confidence, or starting any real estate boom with malice or profit aforethought, to report that rural real estate is active again. A typical city newspaper reports "a definite trend toward the purchase of small farms by persons of modest financial circumstances."

This is a rather familiar after-war phenomenon, but the present back-to-the-land movement seems likely to develop unusual strength. It isn't mere war-weariness. In one large mid-western area the war veterans are reported as less than one-tenth of the total movement. It seems to be mostly a feeling of being tired of city life, especially in the large and medium cities.

One odd feature of the situation is that most of the back-to-the-farm enthusiasts don't seem ever to have had any agricultural experience. They are just hankering to farm, and they want to start right way. From which fact it is easy to forecast that many of the enthusiasts are going to get into trouble. For farming of any kind is nothing to learn over-night. Success on a farm usually requires more knowledge, skill and perristence than city jobs.

YAMS, YUM YUM!

Europeans' h a r dships may profit them in the long run. They may learn to eat sweet vegetables. Cans of dehydrated yams and sweet potatoes will be sent abroad by the United Nations Rehabilitation and Relief Administration, and along with them the South's choicest recipes, printed in five languages.

They miss some delightful experiences in Europe. In the last war, word went out that the Continent didn't want corn on the cob because they didn't know what to do with it. Corn pone and spoon bread they had never heard of. It would take only a little salesmanship to make the Europeans bless the day when the South sent them some of its cooking specialties.

Sure, taxpayers are willing to forget and forgive the three per cent income tax quaintly called "normal."

A good many pople still feel like saying "Fill her up!" in a whisper.

Edgar A. Guest

"I WILL!"

Some other boy with a level head
And a pair of arms and a pair of eyes
And a grin like yours, and a similar tread,
Out of his group has managed to rise.
And, the price he paid for his strength and skill.
Was the courage to think and to say: "I will!"

No better, no more were his gifts than those
Which you, for your future, today possess.
With the same equipment as yours he rose
And earned his right to the word: Success.
But, he paid this for the post he'd fill:
The courage to think and to say: "I will!"

So up and at it and work away
And never give in to the timid thought
That you had been fashioned of weaker clay.
All that God gives to a man you brought.
You can climb to the top of the steepest hill
With the courage to think and to say: "I will!"

FORMS OF CONVERSION

It is a far cry from the religious "conversion" of so many generations to the financial and economic conversion of these modern days. To some sensitive Christians the materialistic use of the word may be offensive. But it is just another example of the varied uses to which words are put, from time to time and age to age. It is natural enough, because the basic meaning, whether religious or materialtistic, is "a change."

And changes are always going on. Indeed, some of our philosophers insist that this procedure of constant change is natural and inevitable. Latterly we have heard prophets insisting that there is soon going to be a "new statement of religion," and some of the unusual things now going on in the world are a preparation for the new point of view. Just how the enlightented ones know this is not clear, but it is interesting just the same.

There are not many authentic prophets in this materialistic age, but those who profess to have such a gift make life more interesting. And indeed, they might be right; for change does seem to be one of the laws of life. Americans, more than most nations, don't like to stand still. And could there be all those material changes without mental and spiritual changes coming with them?

"Every man has a right to his opinion," says the Rev. Arthur W. Olsen of Toledo, O., "but only an opinion backed by genuine knowledge deserves a right to an audience." This is a hard saying, which would compel most of us to talk in solitude.

Shirley Temple is married at 17. Her admirers hope hers will be one case of a movie star who does not proceed from one divorce to another.

We've quit shooting at the Japs, but we haven't yet got around to forgiving and forgetting them.

It's fine for a lot of city fellows to tackle farms, and learn what work is.

IN UNIFORM

HEADQUARTERS 13TH AIR FORCE, Philippines—Pvt. First Class John Gilliam, son of Mr. and Mrs. Ben Gilliam, Route 2, Corsicana, has completed 16 months overseas with the Lightning Lancers squadron of Brig. Gen. Earl W. Barnes' 13th Air Force Fighter Command. He is in charge of his unit's mail section.

Pvt. Gilliam entered service Oct. 13, 1943, and since May 18,1944, has been oerseas with the famed Jungle Air Force whose flyers have blasted the Nips from Guadalcanal through the Philippines to the French ndo-China coast.

He holds the Asiatic-Pacific campaign ribbon with five Battle Stars, the Philippine Liberation ribbon wth one Battle Star, and the Good Conduct Medal.

Before entering service he was employed by the North American Aviation Corporation, Dallas.

His wife, the former Marcelle Bridges, lives on Route 2, Irving.

FORT KNOX, Ky.—Among 127 enlisted men receiving discharges from the army of the United States here today was Sgt. John L. McAfee, 1925 West Seventh avenue, Corsicana, Texas.

Seaman First Class Maurice Byrnes, 17, grandson of Mrs. R. W. Sheffield, Route 1, Eureka, is now stationed on Okinawa. He is with the supply corps and has been in the Pacific since last June. Byrnes, who attended the Mildred school, entered the service in November, 1944.

ABOARD A FAST CARRIER, Pacific.—Jack Dale Wilson, Route 3, Corsicana, and Less Jewell Richard, 420 West First avenue, Corsicana, who are serving on this carrier recently were advanced in rate from seaman second class to seaman first class, their commanding officer revealed.

Seaman Wilson is the son of Mr. and Mrs. Millard F. Wilson, and Seaman Richard's wife and two children, Reba and James, reside at the Corsicana address.

ABOARD USS SUISUN, Tokyo Bay—Maylon Clifford Legge, Jr., motor machinist's mate, third class, USNR, son of Mrs. John Hughes, 208 North Twelfth street, serving on this seaplane tender, moved into Tokyo Bay several days before the formal surrender ceremonies.

The Suisun saw action in the Marshalls, the Marianas, the Carolines, the Palaus and at Okinawa. In the latter campaign she served as a Fleet Air Wing 1 air-sea rescue unit.

Word has been received from Pfc. Chester L. Bonner that he is now stationed on Leyte Island in the Philippines. He recently received the Infantryman's Badge, Good Conduct Medal and Asiatic-Pacific Ribbon with three battle stars. He is scheduled also to receive the Philippine Liberation ribbon with two stars.

Private Bonner has been in the service since October, 1942, and has been overseas 14 months. He has 64 points, and is now studying business management.

Mrs. Bonner lives in Corsicana at 708 North 23rd Street.

SHEPPARD FIELD, Tex.—Cpl. Noah H. Livingston of Barry has been honorably discharged from the AAF after three years of service. Corporal Livingston is married, and his father is C. F. Livingston of Wortham. Before entering the service he was a farmer.

DREW FIELD, Florida—Tech. Sgt. James D. Poindexter, 33, son of Mr. and Mrs. D. Poindexter, Corsicana, route 1, has been released from service with the Army Air Forces at the separation station here.

Prior to entering the service in January, 1942, he was employed in Houston. In April, 1944, he was sent overseas with the 490th Bomb Group, and returned to the states in July of this year. He wears the ETO Ribbon with six battle stars.

Pfc. Delbert L. Lassiter has been assigned to the 77th Division which is occupying Hokkaido northernmost island of Japan. Private Lassiter is with the Headquarters Battery Motor Pool of the 304th Field Artillery Battalion. He entered the service in October '942, and has been in three different branches of service, Infantry Air Corps and Artillery.

EIGHTH NAVAL DISTRICT—Among those receiving honorable discharges from the Navy recently were the following: Milton Duane Rash, 25, boatswain's mate second class, 501 North Tenth Street, and Leslie Kelton Waveing 37, macrinist's mate, third class 1121 West Seventh, both of Corsicana; and Thermon J. Hassell chief boatswain's mate, Hubbard.

T-5 Julius Perry, whos wife is the former Dorothy Voss, has arrived in Corsicana from San Antonio, where he received his honorable discharge from the service September 22. He is the son of Mr and Mrs. Jack Jerry.

Perry served 30 months overseas in Africa, Sicily, Italy, France and Germany. He wears the Good Conduct Medal, the ETO Ribbon with six battle stars. He was in the service almost three years, and received his training at Camp Wallace and Fort Bliss.

SAN ANTONIO—Chief Warrant Officer Thomas E. Wheat of Purdon, has reported for duty with the finance office at the San Antonio district, AAF personnel distribution command, San Antonio.

Entering active service on March 22, 1943, WO Wheat was last stationed at Louisville, Ky. He wears the Good Conduct Ribbon and Pre-Pearl Harbor Ribbon.

He is the son of Mrs. Iva G. Wheat of Purdon. His wife, Amy R. Wheat, and daughter live at 90 Vernon Tolbert, Trinidad, Tex.

Pfc. J. M. French, Jr., who has been stationed in the Hawaiian Islands since Feb. 20, 1944, arrived in Japan on Sept. 20 his parents, Mr. and Mrs. J. M. French, have been informed.

Pfc. French entered the service in 1942, and trained at Camp Robinson, Ark.; Fort Leonard Wood, Mo.; Camp Forest, Tenn.; Camp Rucker, Ala., and later at camps in California.

His brother, Pfc. John F French, a veteran of service in France, Belgium, Holland, and Germany, was in the Caroline Islands waiting for further orders when his parents last heard from him, having reached the Pacific via the Panama Canal. Mrs. John F. French, the former Miss Opal Moles, and their son, Johnny, reside in Corsicana.

Sgt. Carl B. Davis, son of Mrs Sarah Davis, North Fourteenth street, Corsicana, has been honorably separated from the AAF and will return to civilian life after active duty with the armed forces.

Sgt. Davis enlisted in the army in November, 1942. He served 29 months in the European Theater as an aircraft mechanic and received the Unit Citation with two clusters, the ETO Ribbon with seven stars and the Good Conduct Medal. He also holds the American Theatre Ribbon for three months service in Natal, Brazil.

The sergeant is a graduate of Powell high school. Before entering the service he was employed by the Southern Aircraft Co. in Garland.

T-Sgt. Durward L. DeRusha has arrived to spend a 45-day furlough with his parents, Mr. and Mrs. H. C. DeRusha of Frost, formerly of Barry.

Sgt. DeRusha served in Asia and North Africa with the U. S. Army Signal Corps for two years and was a member of a unit winning a citation for meritorious service.

His wife accompanied him to his parents' home. The couple will return to Philadelphia where Sgt. DeRusha is stationed, upon the completion of his furlough.

FT. FRANCIS WARRING, Wyoming—An honorable discharge has been granted to Alvie O. Armstrong of Emhouse. He has spent four months in the service of the United States Army.

...laws have exceptions but here's one, at least, that doesn't. "Where a testament is there must of necessity be the death of him that made it. For a testament is of force after men are dead: for it DOTH NEVER avail while he that made it liveth" (Heb. 9:16-17).

A living testator can give away his property as he desires. It's after death that the disposal of his property is bound by the will.

While Christ, was upon earth, he exercised the power of a living testator (Matt. 9:6). He used this power to bestow his gift, salvation, on that famous thief on the cross.

Now, somebody says the thief was saved without baptism and we can be saved in like manner. However, the thief received salvation before Christ, the testator died; and a will "DOTH NEVER avail while he that made it liveth."

After his death and resurrection, Christ stated his testament to his disciples. He said, "Preach the gospel to every creature. He that believeth and is baptized shall be saved" (Mk. 16:15-16).

You are under Christ's testament and must be saved according to its terms.

Corsicana, Texas

SALVATION ARMY OFFICER SPEAKER AT ROTARY CLUB

Undaunted by war, the spirit of the Salvation Army has continued uninterrupted in more than 100 countries and colonies, Maj. William C. Carter told the Rotary Club luncheon at noon Wednesday in the Navarro Hotel.

Transferred to this city recently from Abilene, Major Carter said that he had "found a fine spirit of co-operation in Corsicana."

A native of Newfoundland, where his father was a sea captain, Major Carter has been in Salvation Army work 40 years. He began his career in Newfoundland, went on to Canada, and finally to the United States.

"Under trying circumstances, our workers carried on the Salvation Army program in the front lines, in the occupied countries, in the far reaches of the Pacific, all over the world," Carter said.

Suffer Heavy Losses.

"Our international headquarters and 200 other buildings containing much equipment have been lost in the havoc of war," he continued, "but the spirit of the organization is undaunted. Already we are digging in and building back, even in Germany."

A resolution, which will be mailed to Chester Bowles, OPA administrator in Washington, Gov. Coke Stevenson and Gus W. Thomasson, district director of OPA, was passed by the club. Referring to the recent announcement that Wilbur A. Wright would not head the new price panel board to be established in Corsicana upon the termination of the present board, the resolution states in part:

Praise for Wright.

"We regard the attempt on the part of professional and self-perpetuating bureaucracy to displace Wilbur A. Wright as an undeserved and gratuitious indignity to him, and as an unwarranted and unjust reflection or rationing and price control as administered in this county during the stressful and troubled years of war."

Guests were Capt. Willmotte Curtis, Dr. Matthew Arnold, J. F. Moss of Dallas and George Calder.

Soil Conservation Engineer Arrives

Clyde Gutshall of Hillsboro has arrived in Corsicana to assume his duties with the Navarro-Hill Soil Conservation Service.

He replaces F. O. Schwab, who has been transferred to the Kaufman office.

Mr. and Mrs. Schwab were complimented at a dinner party by the personnel of the SCS office before leaving for Kaufman. Also attending the farewell party at George's Grill were Pvt. and Mrs. W. C. O'Neal. Pvt. O'Neal also is a former employee of the SCS. He reported to Fort Ord, Calif., this week.

SUCCEEDS GEN. PATTON—Gen. Lucien K. Truscott, above, native of Chatfield, Navarro county, has been named to succeed Gen. George Patton, removed from command of the Third Army and the Bavarian sector of Allied controlled Europe, according to dispatches from Gen. Eisenhower's headquarters Tuesday. Gen. Truscott formerly commanded the Fifth Army in Italy, having succeeded Gen. Mark Clark to that position.

Activities Among County Home Clubs

Oak Valley Club.

The Oak Valley Home Demonstration Club met Thursday, Sept. 27, with Mrs. W. N. McNeill, as hostess.

Mrs. C. M. Stover led the opening songs. Roll call was answered by suggested methods of supplying clothing storage needs.

During the business session, members agreed to have all bazaar gifts completed by Dec 1.

Mrs. Fennell presented a feature on "Cheering Up the Fall Wardrobe."

Fifteen members and three visitors, Mrs. J. B. Redden, Mrs. Sam Ellis and Mrs. Lloyd Averitt, were present.

The next meeting of the club will be held on Oct. 11.

Emhouse Club

The Emhouse Home Demonstration Club met at the Community Center on Tuesday afternoon, Oct. 2, with Mrs. O. F. Wetzel as hostess.

Mrs. John Gillen led the singsong, which opened the meeting, and which was followed by a brief business session.

Parts on the program were presented by Mrs. Garvis Ray and Mrs. Troy Halcomb.

A motion to the effect that the Emhouse club would co-operate with other clubs of the county by entering a booth in the bazaar to be held in Corsicana by Home Demonstration club members in December, carried. Each member was requested to be responsible for an article to be displayed in the club's booth or to pay 75 cents into the treasury.

Club members presented yearly reports following which the hostess served cookies and iced tea to eleven members.

Cpt. Tate Miller, who has recently returned from service with the U. S. Navy in South Pacific Theater of Operations, visited his mother, Mrs. T. A. Miller, on Tuesday en route to Camp Wallace to receive his discharge.

Lieut. and Mrs. C. J. Kresch of Houston spent the week end in the home of Mrs. Kresch's parents, Mr. and Mrs. C. A. Gordon.

Courthouse News

District Court.

A juvenile girl judged delinquent at a hearing Tuesday was sentenced to the State reform school by Judge A. P. Mays. A boy was also judged delinquent at a hearing Monday, but pronouncement of sentence was delayed.

MRS. BERYL H. BOSECK

MISS LURENE MARLOW WEDS LIEUT. BERYL H. BOSECK IN CHURCH CEREMONY WEDNESDAY

Miss Lurlene Marlow, daughter of Mr. and Mrs. R. W. Marlow, 620 South Twentieth Street, was married at 7 o'clock Wednesday evening to Lt. Beryl H. Boseck, son of Mr. and Mrs. E. A. Boseck, Griswold, Iowa.

The ceremony was performed at the Eleventh Avenue Methodist Church, with the Rev. J. H. Baldridge officating.

Given in marriage by her uncle, Mike Edwards, the bride wore a gown of gardenia-white satin, fashioned with basque bodice and yoke of sweetheart design. The long full sleeves extended to petal points over the hands, and a full skirt fell into a wide train. The fingertip veil was trimmed in lace, with a head band of orange blossoms. She carried a colonial bouquet of roses and carnations with stephanotis, and her only jewels were the traditional "something old," a string of pearls, the gift of Mrs. Tessie Dickeson.

Wedding Attendants

Miss Margaret Hosch, maid of honor, wore a gown of blue, with a corsage of pink roses, and Lt. Dan B. Cunningham attended the bridegroom as best man.

Kittie Freida McMinn, junior bridesmaid, wore a gown of white net over taffeta, and carried a bouquet of yellow rosebuds. Edwayne Marlow served as ring bearer. Lyman Barnes and Tom McMullen were ushers.

Mrs. Lyman Barnes, organist, played traditional wedding music before and during the ceremony.

Reception Held

A reception followed at the home of the bride's parents. Miss Marlella Nutt presided at the bride's book.

Lieutenant and Mrs. Boseck will be in Corsicana for a short time, after which they will be at home in Iowa.

Among the prenuptial courtesies extended Miss Marlow was a china shower with Mrs. Dickeson as hostess at her studio. The bride received a complete dinner set. The table, overed with an imported cloth, was centered with an arrangement of fall flowers.

Mrs. Dickeson also was hostess at the rehearsal dinner Tuesday evening. The table, decorated with flowers of pink and white, was laid for 15 guests.

Lieut. Carl Hagle Is Home On Leave

Lieut. Carl Hagle, U. S. Army Air Forces, veteran of six years in the service and one year in the European Theatre of Operations, reached Corsicana Wednesday morning after arriving in the States Friday on the Queen Mary.

After a short visit with his parents, Mr. and Mrs. Hugh Hagle, 1616 West Second Avenue, Lieut. Hagle left for Grapeland where he will join his wife and two sons, David and Hugh. They will return to Corsicana for a visit. The officer is on a 40 day leave.

Memorial Services Announced For Late Capt. L. G. Compton

Memorial serices for the late Capt. Lewis G. Compton, who was killed in a recent airplane crash near Leyte while en route home from the South Pacific, will be held at the Fifth Avenue Church of Christ on Sunday afternoon at 3 o'clock.

Capt. Compton's wife and daughter, Linda, have arrived from Atlanta, Ga., and his sisters, Mesdames Raymond Tolar, the former Geline Compton, and Earl Christian, the former Marguerite Compton, both of Houston, and Mrs. Marshall Harvey of Lubbock, the former Carrie Bess Compton, will attend the services.

Friends and classmates of Capt. Compton, and friends of the Compton family are invited to attend the services.

Hamilton-Beeman Cemetery Circle To Meet On Tuesday

The Oak Valley and White's Chapel Circle of the Hamilton-Beeman Cemetery Association will meet at the home of Mrs. F. P. McCuiston Tuesday afternoon, Oct. 9, at 2:30 o'clock. Visitors welcome.

Stf. Sgt. and Mrs. Frank Caldwell have returned to Waco after a week-end visit in the home of Sgt. Caldwell's mother, Mrs. R. A. Caldwell.

Major Charles Cates Arrives By Air From Calcutta, India

Major Charles A. Cates of Decatur, brother-in-law of Mrs. A. L. Huffman of Corsicana, arrived in Washington Sunday by air transport from Calcutta, India. Following a few days spent in Walter Reed Hospital in Washington, he will come to Decatur. He was captured in Java early in 1942 by the Japanese while serving with the 131st Field Artillery.

As a captain of a battery of the Lost Battalion, Major Cates will be among 30 or more of the same organization who will be honored in Decatur. Date for the celebration, according to press dispatches from Decatur, will not be fixed until all living members have returned.

MODERN METHODS OF COOKING WILL BE EXPLAINED

Navarro county Home Demonstration Club members are to receive some new pointers on the culinary art at their regular meetings in October and November, according to Miss Vera Sneed, county home demonstration agent.

Demonstrations showing modern methods of cooking with emphasis on solution of problems arising from limitations in fod supplies have been planned by Miss Sneed who is to give the first of a series of cooking demonstrations at the meeting of the Barry Home Demonstration Club on Thursday, October 5.

A balanced diet and the use of substitutes for scarce items, such as substitution of syrup or sugar will be the dominating theme of instructions given. Miss Sneed will repeat the cooking demonstrations in all of the twenty clubs at the county at their regular meetings during the next two months.

Miss Cleo Curington of Midland was a guest in the home of her mother, Mrs. J. R. Curington, last week.

Cline T. Young Has Joined Staff Of County AC A

Cline T. Young arrived in Corsicana Tuesday to become administrative assistant of the Navarro county ACA committee, according to an announcement by S. L. Garrett, Kerens, county committee chairman. Young will succeed Edmund D. Dillard, resigned, Thursday, it was stated.

Dillard has not announced his future plans, but will remain in Corsicana for the present. The retiring county committee secretary came to Corsicana from McKinney, Collin county, April 7, 1941, and has been in charge of the AAA office since that time.

Young, reared at Hillsboro, formerly was engaged in AAA work in Hill county, beginning in 1933 when the governmental crop program was inaugurated and has held a similar post in Johnson county, Cleburne, for the past 18 months.

Young's family consists of his wife and a son, Lt. Robert K. Young, Ninth U. S. Army Air Forces.

FUNERAL SERVICES HELD TUESDAY FOR MRS. DOVIE ANDERSON

Funeral services for Mrs. Dovie Anderson Southerland, aged 36 years, who died in Waco Sunday, were held at Pursley Tuesday afternoon at 2 o'clock. Burial was in the Pursley cemetery. The rites were conducted by James A. Johnson, Corsicana Church of Christ minister.

A native of Coryell county, Mrs. Southerland resided in the Pursley community prior to moving to Waco.

Surviving are her husband, Raymond Leslie Southerland, Waco; two children, LaVern and Glenda Southerland, Waco; and two sisters, Mrs. D. L. Lasley, Beaumont, and Mrs. H. F. Southerland, Blair, Okla.

Arrive From Overseas

Four Navarro county soldiers arrived from overseas duty at U. S. Ports during the week-end, according to Associated Press dispaches. They are Sgt. Adden M. Crawford, Kerens; Pvt. J. O. Hollingsworth, Corsicana; Pfc. Howard P. Vyers, Corsicana, and T-5 William E. Teaton.

REV. J. I. CARTLIDGE SPEAKER TUESDAY AT LIONS MEETING

The Golden Rule applied in relationships between capital and labor is the solution offered for disturbances in the economic life of the nation by Rev. Jared I. Cartlidge, pastor of the First Baptist church when he addressed the Lions Club Tuesday luncheon meeting at the Navarro Hotel.

The minister pointed to the fact that during the war more prayers had been offered than perhaps at any other similar length of time. "People have been praying 'God Bless America'" he said, and God has truly blessed America." He listed many national blessings, but went on to state that blessings are not limited to material things.

Urges Golden Rule.

In discussing the current disturbances caused by disagreements between capital and labor, the speaker pointed to the Golden Rule, declaring that if capital would treat labor as capital would like to be treated and if labor would treat capital as labor would like to be treated the problems would be sloved. He cited selfishness as the source of most of our national problems, and said that if this source could be eliminated or greatly lessened the result would be the greatest period of prosperity the nation has ever enjoyed.

J. C. Buie and Scott Lowry were the program committee, and Lowry presented the guest speaker.

Resolution Presented.

A resolution commending Wilbur Wright for services rendered as chairman of the local War Price and Rationing Board and protesting against the threatened removal and displacement of Wright as head of the local unit was read to the club by Judge C. W. Taylor.

The resolution originated in another service club, J. Floyd Smith, Lion President, stated, and is being presented to the various service clubs of the city. The text of the resolution petitions authorities in the matter to reconsider and rescind a decision to separate Wright from his former position and demands his retention.

Lions voted to refer the resolution to the executive committee.

Invited to Dinner.

Secretary John H. Bryant read a letter from the Civitan Club announcing a dinner to be given by that club in honor of members of the local Ration Board and inviting Lions to participate. A letter of appreciation from Mrs. E. F. Waters expressing thanks for courtesies extended her husband during his illness was read by the secretary.

Jess J. Hilbert and A. W. Defee were named on a committee to organize a bowling team and make arrangements for the club's participation in the city's bowling league.

The club extended a vote of thanks to Paul Lazaris for the splendid service rendered in preparation of the luncheons during the year.

Sam Werner and Lowry Martin will be in charge of the program Tuesday, October 9, and will conduct an open forum.

Guests for today's luncheon included Lawrence Fauber, Lt. Lonnie L. Powell, Jr., Charles N. Beyrle, of California, Jack Megarity, and K. H. Benninghaven, of Waco. Harold Blankinship was introduced as a new member.

Pharmacist Mate, Second Class and Mrs. Hays Hoskins arrived today from San Diego, Calif., to visit in the home of Mrs. Hosking' parents, Mr. and Mrs. W. H. Hayes.

Mr. Farmer

Bring us your hens, fryers and eggs. We will pay you the highest market price in cash.

CARD OF THANKS.

We extend our thanks to our many friends for their kindness and sympathy shown during the recent illness and death of our mother, Mrs. Mary Remonte—Mrs. Mary Duncan and John Remonte.

NEXT WASTE PAPER DRIVE COMES DURING LATTER PART OCTOBER

The next all-out waste paper drive will be held October 20th 21st and 22nd, according to Miss Gertrude Patrick, Camp Fire Girls executive and will again be sponsored by the Camp Fire Girls and the Civitan Club.

Miss Patrick points out that although the war is over, waste paper is still greatly needed for many uses by our armed forces, getting the boys back home, hospitals, occupation forces and other uses and that the government is calling for more and more waste paper.

Those who participated in the last paper drive state that the last car was the hardest to fill, as many people who had in the past contributed to this cause did not help in the last drive. The Civitan Club and the Camp Fire girls are asking for the full cooperation of the public in the coming drive.

Examination For Hospital Dietitian Be Held Here Soon

A civil service examination for a staff dietitian in a veteran's hospital will be held soon, it has been announced by W. C. Galolway, local civil service secretary. The examinations is open to all applicants who meet the requirements he said. Most civil service examinations are open only to veterans. Full information may be secured from Galloway at the post office.

General Truscott Came Up From Ranks

Texas-born Lt. Gen. Lucian K. Truscott, reported in dispatches to be succeeding Gen. George S. Patton Jr., in Germany, came through the ranks after enlisting for service in World War I.

Truscott, a native of nearby Chatfiled, was a country school teacher at Eufaula, Okla., at the outbreak of the war in 1917 and was among the first volunteers. He was commissioned a cavalry lieutenant Nov. 15, 1917, and was promoted to first lieutenant a year later.

The 50-year-old Truscott was one of the first American generals to have an active part in the war, helping plan and execute the Dippe raid. He also was active in training American ranger battalions in the early stages of the war.

Gets D S M in 1942

Later, he commanded American forces attacking Port Lyautey in the invasion of French Morocco Nov. 8, 1942 getting the Distinguished Medal for that action.

Early in the Tunisian campaign, he served as Eisenhower's personal representative in the field, later taking over the Third Infantry Division which he led in Sicily and at the blodoy Anzio beachhead in Italy. He was commanding the Sixth Corps in the Belfort area of France when he was named to command the Fifth Army in 1944.

A strict, hard-driving disciplinarian, rated by fellow soldiers as brilliant both in planning and execution, Truscott commanded such personal loyalty from subordinates that many refused promotions to continue serving under him.

His wife lives at Charlottesville, Va. They have three children. One son is attending West Point.

Miss Mary Jane Etter was a week-end visitor in Houston.

Ray Langston Has Received Discharge From U. S. Army

T-5 Ray Langston, U. S. Army was discharged Saturday at Camp Stewart, Ga., and arrived home Monday.

Langston entered the armed forces Jan. 22, 1943, and served in the European area with the headquarters of the U. S. First Army in England, France, Germany, Belgium, and Luxembourg, before being returned to the States and reassigned to the infantry school at Fort Benning, Ga.

Leonard Gordon has arrived from Hollywood, Calif., for a visit with Corsicana and Navarro county relatives.

"The Big Shot in the GOODYEAR Tire Racket"

IN GERMANY — Pfc. Orville Moore, 20, 508th Parachute Infantry, is now with the army of occupation stationed at Frankfort, Germany, according to information received by his parents, Mr. and Mrs. C. M. Moore, Corsicana route one. Entering the service in March 1944, he went overseas in January 1945. He also served in Belgium and France.

REPORTED NAZIS PLANNED POISON INVADING ALLIES

LONDON, Oct. 4—(AP)—The Nazis planned a slow death by poisoning for the invading Allies, and suicide for themselves if all else failed, the United Nations war crimes commission has disclosed.

Secret Nazi papers made public by the commission revealed a plan for introducing a delayed-action poison into alcoholic beverages which "friendly folk" would offer invading troops.

Poison pills and capsules also were to be prepared for Allied soldiers coming to first aid stations for treatment.

The papers revealed that the problem of concealing suicide doses for themselves had been studied by the Nazis.

Speed of the Allied advance was credited with foiling the scheme.

LOCAL LABOR MARKET REMAINS UNCHANGED DURING PAST WEEK

Local labor market situation for the week ending Wednesday, Oct. 3, remained unchanged from previous weeks, according to a statement from W. B. Reedy, local U. S. Employment Service manager. Thursday morning, as applicants continue to pass up jobs at local prevailing wages. Labor strife throughout the country is believed to contribute to local situation, the Reedy statement continued, and unavailability of jobs in the local area which could utilize war gained skills of many applicants brings about non-acceptance in many instances.

There were 48 new applications for employment, with 28 referrals. Eighteen were hired. There are 176 jobs available through U. S. Employment Sevice with 29 employers requesting workers. The principal demands are for unskilled labor.

CORSICANA SOLDIER CALLS HIS MOTHER FROM SCOTLAND

Pfc. Jack Youngblood, Ninth Air Forces, U. S. army, ground crew, recently telephoned his mother, Mrs. H. Youngblood, from Glasgow, Scotland, while on furlough from his station in France. He expects to return home in January. Pvt. Youngblood advised his mother that on his return from his furlough spent in Scotland and England, that his outfit was scheduled to be sent into Germany.

The soldier entered the armed forces May 18, 1943, and went overseas January 8, 1944.

MRS. W. S. SLAUGHTER DIED DAWSON HOME; BURIAL THURSDAY

DAWSON, Oct. 4.—(Spl.)—Mrs. W. S. Slaughter, aged 84 years resident of this community practically all of her life, died at her home here Wednesday morning.

Funeral services were held Thursday afternoon at 3 o'clock from the Methodist church, with interment in the Dawson cemetery.

Surviving are two daughters Mrs. Mable McCulloch and Mrs Fannie Daley, both of Dawson three sons., C. O. Slaughter, superintendent of schools, Rice; Louis and Clayton Slaughter, both of Dawson, and a number of grandchildren and great-grandchildren.

Wolfe and Dobson directed arrangements.

LAVAL TRIAL

CONTINUED FROM FIRST PAGE

hours to get the trial started formally with the reading of the lengthy indictment.

"You are, all of you, under government orders," Laval shouted to the high court of justice, which only yesterday condemned to death Joseph Darnand, who headed the Gestapo-like Vichy militia.

Mornet Prosecutor.

"Even you, Mr. Prosecutor!" he creid at bearded Andre Mornet, who demanded and got the death penalties for the spy Mata Hari in the first war, and for Marshal Petain a few weeks ago. Gen. De Gaulle commuted to life imprisonment the death sentence of Petain, who was chief of state in the Vichy government of which Laval was chief of government.

"Your lawyers have had more than two and a half months to prepare the case," the judge told Laval in denying his demand for a postponement. "I am convinced that they could present an adequate defense if they wanted to, and that you can defend yourself."

Cause of Ejection.

The incident causing Laval's ejection began when the defendant, himself a lawyer and one of the most skilled debaters in France, made an emotional appeal, requesting for the second time of the day that the trial be postponed and that his pre-trial examination be reopened.

With his outburst, Mongibeaux shouted:

"Guards, expel that man from the courtroom. This trial will continue without his presence. We will proceed to the witnesses tomorrow in his absence."

Laval himself started an uproar with an opening declaration:

"I am a patriot and I will prove it."

Shout Laval Down.

Presiding Judge Paul Mongibeaux, all 24 jurors and Andre Mornet, the white-haired prosecutor of Mata Hari, Marshal Petain and now Laval, jumped to their feet to shout down the whitetied Laval.

Laval, several times premier of France in the days before the republic was overrun by the Germans, faced the same high court of justice which condemned Marshal Petain to death and last night ordered the Vichy chief of militia, Joseph Darnand, to die before a firing squad. Petain now is serving a life sentence in the cold Pyrennes, his sentence having been commuted by Gen. De Gaulle.

So great was the tumult that the trial was suspended for half an hour while court attendants strove to still fresh disorders when Judge Mongibeaux refused Laval's request to make a statement.

Promised Story of Intrigue.

Laval had promised a story of international intrigue in a brisk comment to the foreign press section thus:

"I beg you to report my words exactly, for from them history will be made.

He had asked at least three days in which to deliver his testimony.

Bulky charges are on file against Laval. He is accused among other things of plotting against the domestic security of he state; intelligence with the enemy; hindering the government's removal to North Africa in 1940; suppressing the constitution and republic; creating an authoritative regime; encouraging facism and anti-Masonism; contributing to the loss of the French navy and merchant marine; negotiations with Germany; organizing the shipment of slave labor to Germany and denying food rations to those refusing to go; publicly declaring "I desire the victory of Germany;" facilitating the landing of Axis troops to oppose the Allies in North Africa.

gasoline, and proportionate increases in other products.

Denies Making Statement

J. D. Ford, president of Local 23 of the OWIU at Port Arthur, today denied he had told a Beaumont Enterprise reporter that "this is an all out battle and we are going to hold the line against industry and the government, it that is necessary."

He denied he said the unions would resist the government.

"There is no law compelling anybody to work against his will, but this can not be interpreted as defiance of the U. S. government," he said.

Newest closings included the Humble Oil Company refinery at Ingleside, Texas, and the Texas Pipeline Company system along the Gulf Coast.

Fort Worth Situation.

At Fort Worth, 8,000 workers continued idle in the giant aircraft production plant of Consolidated-Vultee and indications were that negotiations between the AFL union and management had reached an impasse.

The strike began yesterday as a machinists group stationed 200 pickets. T. F. Morrow, conciliator for the department of labor, said the company had offered to resume contract negotiations with the union as soon as workers ceased picketing and returned to their jobs. Morrow added that union members stated the walkout would continue until negotiations, which were broken off Tuesday, were resumed.

Strike Unauthorized.

J. C. Johnson, president of the AFL Machinists Lodge 776-A, which embraces daytime workers, said the strike was unauthorized by the International Union. He said the company had closed negotiations on the proposed union contract calling for a 30 per cent wage increase and other concessions. The machinists union claimed a membership of 700.

A total of 4,850 Texas telephone company workers voted to participate in a nation-wide four-hour demonstration strike planned from 1 p. m. to 5 p. m. Friday. The strike will affect long distance lines but not dial systems.

Telephone Employes to Quit.

Mrs. Jewel Whatley, vice president of the telephone company employes union at Houston, said 2,700 workers in Houston and the Southeast Texas area will join the demonstration. At Dallas, Ray Hackney, area plant division president of the Southwestern Telephone Workers Union, announced after a meeting last night that 1,900 members of the union in Dallas would participate in the strike. J. L. Boyett, union spokesman at Fort Worth, said 250 Fort Worth union telephone workers in that city would join the walkout.

The Lower Colorado River Authority announced restoration of the flow of electric power to all the towns it serves in the large area of Central Texas. The area was paralyzed Monday by a strike of 90 operting department employes of the LCRA.

Seek Veterans for Jobs.

General Manager Max Starcke said the state agency sent out to all state selective service employment boards a letter outlining the types of jobs it has available in the furtherance of its announced policy of employing veterans to take the place of strikers who were discharged.

He said no veterans had been added to the payroll but that 14 applications were on hand and these were being screened to determine their adaptability for the available work.

Mearwhile, Harry Bernhard, business manager of Local No. 520 of the International Brotherhood of Electrical Workers (AFL) whose members went on strike, said the union would continue to maintain picket lines at LCRA's four hydroelectric generating plants at Austin, Mansfield, Inns and Buchanan dams.

"We will continue our policy of talking to the men who enter the plants to work," he said.

Closed Shop Main Refinery Dispute

FORT WORTH, Oct. 4.—(AP)—D. H Byrd, Dallas, president of the Independent Petroleum Association of Texas, said yesterday that one of the principal differences between striking refinery workers and companies is not wages, but a closed shop.

Byrd has been in Washington attending the conference between company union officials and Secretary of Labor Schwellenbach.

In a statement to the Fort Worth Star-Telegram from Washington Byrd said that on the surface the Oil Workers International Union (CIO) appears to be after 52 hours pay for 40 hours work, but he said he believed this was not the main objective. He said the wage boost was "tossed in to confuse the issue."

"The closed shop, if accepted or enforced, would prevent a man who has been in uniform from returning to his old job or obtaining any kind of employment in the oil industry without joining a union," he said.

"As for the pay dispute, the majority of refinery workers, especially those in Texas, were working 48 hours each week before they struck which with the time and a half for the extra eight hours, gave them the equivalent of 52 hours pay."

He said if there is to be a wage increase, the move should "start at the bas eand crude oil prices raised."

"I believe that if crude is given a 35-cent increase, then the refiners ca afford to grant the workers a 15 per cent wage increase by simply raising gasoline one cent a gallon, and other products proportionately."

HOUSEWIVES URGED CONTINUE TURNING IN THEIR WASTE FAT

John Henry Bryant, chairman of the waste fat campaign under the auspices of the Lions club, advises that during August 1996 pounds were turned in by the housewives in Corsicana and vicinitp.

Mr. Bryant also states that the government is urging the Lions club to increase this amount as waste fat is one of the vital critical articles that the government needs in various phases of its extended activities. He also calls attention to the announcement in Mondays Sun where the point reward for used fats had been doubled, 4 points per pound now instead of two for every pound turned in, in addition to the regular price paid for each pound. The ladies of Corsicana are urged to take note of this need and to turn in every pound possible.

Billy B. Cooper Home After Serving 21 Months in Pacific

Billy B. Cooper, aged 20 years, G. M. 3-c, U. S. Navy, is home after 21 months service in the Pacific theatre of operations aboard a destroyer escort. He wears five battle stars and has visited Pearl Harbor, (Hawaiian Islands), Eniwetok, (Marshall Islands), Okinawa (Caroline Islands), Guam, Siapan and Iwo Jima. His ship was credited with the sinking of two enemy submraines.

Cooper, the son of Mr. and Mrs. G. C. Cooper, Barry Route 1, attended Barry High school before going to the navy. He returns to Dallas Sunday for reassignment. Cooper has three brothers also serving in the navy—John T. Cooper, 24; Herschel E. Cooper, 22, and Howard E. Cooper, 17.

Veteran Of Pacific Arrives In States

Cpl. Gordon H. McClintock, U. S. Army Air Forces, veteran of 14 months in the Pacific area, has arrived in the states and is expected to reach Corsicana Wednesday according to a telegram received Sunday by his wife, Mrs. Beatrice McClintock.

OCCUPATION

him the files of the "thought police" and complete information on the prisons and prison personnel.

Colonel Dyke said American guards had been placed on watch over home ministry records to prevent destruction of material relating to political prisoners.

Ordered to Submit Report.

The central liaison office, direct link between Allied headquarters and the Japanese government, was told to submit a "comprehensive report" by Oct. 15, detailing action taken to place the orders into effect.

Advance units of the U. S. 77th infantry (Statue of Liberty) division made the first occupational landing on the northernmost island of Hokkaido at Hakodate. The remainder will move in tomorrow at Otaru and take over the capital city of Sapporo.

Today more than 2,000 Japanese, availing themselves of the MacArthur-ordered freedom of speech, went in a drenching rain to Hibiya public hall and listened to a series of talks on Japan's possible place in a peacetime world. Many students and members of Japan's middle class were in the audience.

Dr. Toyohiko Kagawa, social reformer, spoke.

Control Two Cities

BATAVIA, Java, Oct. 4—(AP)—Indonesian Nationalists are in complete control of two of Java's most important cities, Soerabaja and Bandoeng, an Allied military spokesman has disclosed.

A sailor and press photographers returning from Bandoeng said that Indonesians had seized Japanese armored cars and weapons.

Lt. Cmdr. Pau' De Bach of the Netherlands navy, Allied representative on Soerabaja for the recovery of war prisoners and internees, was arrested there and held overnight.

are interconnected with LCRA lines and therefore the LCRA could avoid work stoppage by recognizing the principle of the act.

Governor's Mail.

Meanwhile, Governor Coke R. Stevenson's mail began to reflect strike reaction.

At a news conference the governor exhibited a telegram from the Goose Creek Local 644, IBEW, declaring the strikers were within their constitutional rights and asserting the LCRA management was the cause of trouble because of "dilatory tactics."

He dislayed also a letter from Thomas L. Blanton of Abilene, former congressman, who proposed that the governor mobilize state officers and the state guard "and instruct them to run every labor saboteur out of Texas." He also suggested a special session of the legislature to enact legislation outlawing strikes.

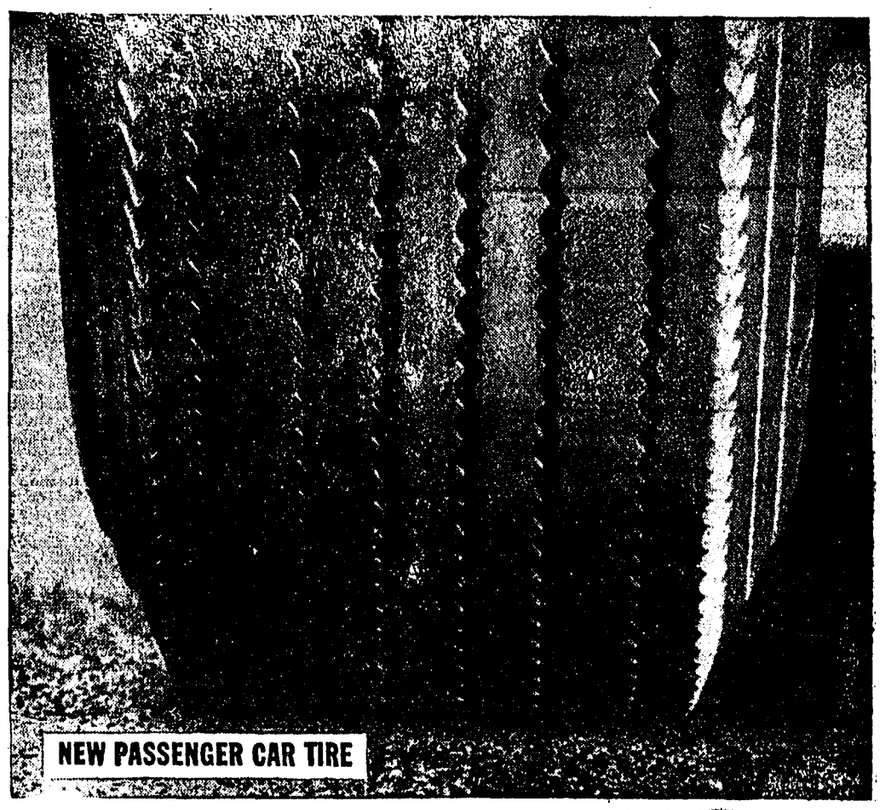
B. F. GOODRICH AGAIN

Makes Tire History

America's First Postwar Passenger Car Tires!



COMING SOON!

NEW B. F. GOODRICH TIRE THAT OUTWEARS PREWAR TIRES

THIS isn't a guess. A new kind of tire has been developed, and tests show that *it outwears prewar passenger car tires.*

It is made of a new kind of synthetic rubber developed by B. F. Goodrich—different from the ordinary synthetic rubber in general use by the tire industry. It helps the new tire run cooler—wear better.

The new tire has had more than 2,000 laboratory tests. Taxicab fleets, state police departments and the B. F. Goodrich test fleet have run it 16,800,000 test miles. Not only does it give longer tread wear than prewar tires, but it has more resistance to bruising or damage from accident.

A new, slightly different shaped tread—we call it the "road level" tread—is another feature that means longer wear. Engineers had wished for years to make a tread just slightly flatter. But that more desirable shape always set up strains in the tire body, or "carcass," as it is called. B. F. Goodrich developed an entirely new and stronger cotton cord, designed it into a 35% stronger carcass that stands all these strains and permits the use of the new flatter, longer-wearing tread.

The tread design is new. It is made up of hundreds of skid-resisting curves for quicker stops, surer starts—safer driving.

In a few weeks these new tires will begin to be produced in large volume, but supplies may be limited for quite a while. We have placed our order, and hope to have our shipment shortly. Watch for our announcement. And in the meantime, take good care of the tires you have—make them last until you can replace them with these new, better B. F. Goodrich Silvertowns.

LABOR

CONTINUED FROM FIRST PAGE

seize the plants, involved in a wage dispute between the oil workers and 11 companies.

Visited White House

Officials of the petroleum administration for war, the agency which probably will be designated to carry out the refinery seizure, went to the White House this morning.

PAW reported that 51 refineries are affected by the work stoppages. In addition, other plants are being picked although employes are not on strike. Operations are curtailed in the picketed refineries.

Whether the picketed refineries not directly involved in the dispute, will be seized along with plants tied up by strikes was a question to be determined at the White House conference.

Faces Serious Problem

A PAW official said the agency, which already had substantially reduced its staff preparatory to going out of business Jan. 1, faces a serious manpower problem if it handles the government seizure.

In some cases, seizure may be accomplished by sending a PAW representative to refineries to take control. In others, the companies may be instructed by telegram that the plants are to be operated on behalf of the government.

Seizure was a last resort to return the refineries to operation.

There was no let-up, meanwhile, in the labor squabbles confounding reconversion.

Another 25,000 of John L. Lewis' bituminous coal miners walked out yesterday, bringing the total to 115,000. The estimated 675,000-ton daily loss in production represents about two-thirds of the nation's output.

Settlement By Conciliation.

Government officials had looked to settlement by conciliation of the oil worker's strike for a pattern. But that pattern was a gloomy one today.

The union wanted a 30 per cent pay increase to offset losses in earnings when the work week is cut from 48 to 40 hours. Secretary of Labor Schwellenbach, after seven days of conciliation conferences in Chicago and Washington, proposed a temporary compromise at 15 per cent. An arbitrator was to make the final settlement.

This was acceptable to the union, but only one of the ten companies agreed to the proposal without strings. That was Sinclair Oil company. Other firms attached so many conditions that Schwellenbach conceded to reporters he could not consider them as acceptances.

Recommends Seizure.

The labor secretary, weary from his day and night struggle to settle his first big "test" strike, recommended seizure of the refineries to assure delivery of fuel oil and gasoline to the army and navy and to essential civilian needs.

Involved were: Standard Oil of Ohio, Cities Service, Shell Oil, Pure Oil, Tidewater, Union Oil, Pan-American, Socony-Vacuum, Texas, and Sinclair companies. An eleventh firm Stanolind Pipeline company, was in on the wage conferences but has no strike.

Union President O. A. Knight called an emergency meeting of his execputive board to decide whether to ask the 43,000 strikers to go back to work for the government.

Significance of Decisions.

Both sides in the controversy were aware of the significance of their decisions. The union war in the vanguard of the CIO's drive for 25 to 30 per cent higher wages for millions of members in auto, steel, rugger, electrical and maritime industries.

A big wage concession by the oil companies would have been certain to affect the management position in other industries. Long distance telephone lines were kept busy through the last few days of the conferences, and executive flew in and out of Washington in numbers.

While the case was a test for both union and management, it also was a provinlg ground for President Truman's postwar labor policy. He and Schwellenbach are committed to early dissolution of the War Labor Board, hasty return to collective bargaining and a minimum of government interference. The WLB was bypassed in the oil dispute, Schwellenbach said, because of the need for quick action.

Would not Concede Failure.

The secretary would not concede that his conciliation plans had suffered a defeat in the oil case. But he told newsmen "I certainly am very disappointed."

With the oil strikes out of his hands, Schwellenbach was free to turn to the rapidly spreading soft coal strikes and other labor sore spots.

One of these was the scheduled four-hour demonstration shut down tomorrow afternoon of 200,000 members of the National Federation of Telephone Workers. They will conduct a strike vote during their 1 to 5 p. m. (CST) "continuous meeting" called to protest a preliminary National Labor Relations Board decision to dissolve an affiliated union at Western Electric Company, Kearny, N. J.

The United Mine Workers were staying away from the pits in increasing numbers, in support of their foremen's union recognition drive. Operators twice have declined Lewis' inuvisations to discuss the problem, and the number of strikes quickly multiplied.

Cotton Ginned Navarro County Is 3,882 Bales

There were 3,882 bales of cotton ginned from the 1945 crop in Navarro county prior to Sept. 16, as compared with 6,064 at the same time last year, according to figures released Thursday by George Campbell, special agent.

ATOMIC

CONTINUED FROM FIRST PAGE

mendations later on the world aspects.

Meanwhile, he said:

1. "The hope of civilization" lies in international arrangements to ban the use and development of the atomic bomb while encouraging the use of atomic energy for peaceful means.

2. He will start talks with Britain and Canada—then with other nations—about an agreement "under which cooperation might replace rivalry in the field of atomic power."

3. These discussions "will not be concerned with disclosures relating to the manufacture processes leading to the production of the atomic bomb itself."

4. Congress will be told about the outcome of these discussions as soon as possible.

The legislators, the President's point seemed to be that the three nations possessing the atomic secret could share with others the knowledge of how to use it for peaceful means while withholding the know-how of producing the instantaneous explosion that makes the bomb so powerful.

STRIKERS MEET

CONTINUED FROM FIRST PAGE

D. H. Byrd, president of the Independent Petroleum Association of Texas, said in a statement to the Fort Worth Star-Telegram from Washington that he believed the wage dispute was "just tossed in to confuse the issue" and that a closed shop was the union's main objective.

He said Texas oil workers already were receiving virtually the wages they were demanding. He added that if the government would allow oil companis to increase the base crude oil price 35 per cent, a 15 per cent wage increase could be given workers. He said it would mean an increase of one cent a gallon in the cost of gasoline, and proportionate increases in other products.

Denies Resistence Remark

J. D. Ford, president of Local 2, at Port Arthur, today denied he had said the union would resist government seizure of plants. He was quoted by a Beaumont Enterprise reporter as saying last night that 'we take the position that this is an all-out battle and we are going to hold the line against industry and government, if that is necessary. We do not want to be manhandled by the capitalistic element of this country which is trying to bring on a depression."

Today, Ford said the interview was "entirely without foundation". He said the union has acted and will continue to act within the law.

"There is no law compelling anybody to work against his will, but this can not be interpreted as defiance of the U. S. government", he said today.

MAGNOLIA

CONTINUED FROM FIRST PAGE

Union officials here had no comment on the White House announcement that the government will seize strike-bound oil companies today.

E. C. Conarty, secretary of the OWIU, headquarters here, issued a statement, however, on the breakdown of conciliation proceedings in Washington.

Industry Blamed

'In the first real test of impartial arbitration in the postwar period," he said, "it is industry and not labor which has rejected arbitration. In view of industry's widely heralded stand for compulsory arbitration, it is amazing that the oil industry should be the first to reject it when ofefred by the U. S. government.

Manufacturere and other employer bodies have repeatedly asked for compulsory arbitration and the principle was incorporated in the Ball-Burton-Hatch bill which had thei rapproval.

"Despite the breakdown of the Secretary of Labor's conference, the Oil Workers International Union is agreeable to continuing collective bargaining negotiations with the industry."

ARGENTINA

CONTINUED FROM FIRST PAGE

ing on, however, the United States will take the lead in discussions of what else—if anything—the Americas are ready to do about their perennial problem child.

The first official step in the new crackdown probably will come tomorrow. The state department has asked the Pan American Union governors to meet then to "consider" postponing the inter-American conference scheduled to open October 20 in Brazil.

Actually, the host government already has called off the conference. This came after the United States told Brazil it would not sit down at a conference table with the present Argentine government to draft the hemisphere defense treaty.

The treaty had been the chief item on the conference agendy.

Meeting newsmen, Acting Secretary of State Dean Acheson said the Argentine regime had repudiated completely the hemisphere and United Nations obligations it assumed last spring.

STRIKES

CONTINUED FROM FIRST PAGE

joined in the spreading walkout, which stemmed from a strike of supervisory employes.

Emergency coal rationing was in effect in Pittsburgh, where a survey showed less than 1,000 tons in retail yards. The dispute arose over collective bargaining recognition of the supervisory employes union, an affiliate of the United Mine Workers.

In Detroit, General Motor Corp., was the first of the motor industry's Big Three to give the CIO United Automobile Workers union a reply on its demand of a 30 per cent wage rate boost. The proposal was rejected as "unreasonable". The union said negotiations would be resumed Saturday.

There were no immediate indications the strike vote of 250,000 independent union telephone operators would not be conducted as announced from 1 to 5 p. m. (CST) Friday.

The vote will disrupt local and long distance service and may affect radio broadcasts and teletype systems, but service on dial telephones will not be affected.

Local Observance Employ Physically Handicapped Men

In observance of the National Employ the Physically Handicapped Week, W. B. Reedy, local U. S. Employment Service manager, states that his office will assist interested employers in analyzing their jobs to determine the physically handicapped person to fill the job. Disabled service men are also assisted and helped at the USES and also are provided counseling and placement service.

Scores Government Seizure Of Plants

HOUSTON, Oct. 4.—(AP)—Jess J. Hickman, secretary of Local 367 of the Oil Workers International Union (CIO) commenting on reports the government is preparing to seize strike-bound refineries, said here today "if the government can force men back to work at the point of a bayonet x x x it means we have just got through losing a war."

"If the government can, in peacetime, order men back to work at the point of a bayonet, and make them work at the same terms and under the same conditions as before the strike was called, why, it means that we have just got through losing a war," he said.

WORLD SERIES

CONTINUED FROM FIRST PAGE

Detroit Tigers called upon Virgil Trucks, young fireballer just out of the Navy, to pitch them back into the running in the second fills with the Chicago Cubs before another throng of 55,000 here today.

On the hill for the victory-flushed Cubs was Hank Wyse, who hurled 22 winners in the National League campaign while losing 10. Trucks made his only appearance on the last day of the American League race, when he held the St. Louis Browns to three hits in five and one-third innings.

Detroit stuck with its opening game lineup, but the Cubs used Paul Gillespie, a lefthanded batter in place of Mickey Livingston who made two hits in yesterday's game. The day was sunny and much less cold than yesterday, when players and spectors suffered.

A stiff breeze was blowing away from the plate.

The lineups:

Chicago (NL)—
Hack, 3b; Johnson, 2b; Lowrey lf; Cavarretta, 1b; Pafko, cf; Nicholson, rf; Gillespie, c; Hughes, ss; Wyse, p.

Detroit (AL)—
Webb, ss; Mayo, 2b; Cramer, cf; Greenberg, lf; Cullenbine, rf; York 1b; Outlaw, 3b; Richards, c; Trucks, p.

Umpires—Plate, Jordan (NL); First base, Passarella (AL) second base, Conlan (NL); third base Summers (AL).

FIRST INNING

Cubs—Hack beat out a rap to Webb at short. The throw to first was in the dirt but it was ruled a hit. Johnson sacrificed Hack to second. Lowrey lined a single to Greenberg in left field, and the big fellow made a perfect peg to Richards at the plate to nail Hack as he slid in. Lowrey took second on the throwin. Cavarretta rolled out to York unassisted at first. No runs, two hits, no errors, one left.

Tigers—Webb flied out to Lowrey in left field. Mayo also sent one out to Lewrey, who took it at about the 300-foot mark. Cramer rolled out, Johnson to Cavarretta. No runs, no hits, no errors, none left.

SECOND INNING

Cubs—Pafko popped up a high fly to Mayo, who went far back of second base to make the catch. Nicholson flied out to Cullenbine. Gillespie flied out to Mayo. No runs, no hits, no errors, none left.

Tigers—Greenberg sent a long fly out to Pafko. Cullenbine worked Wyse for a walk. York struck out, looking at three pitches that cut the heart of the dish. Outlaw lined a single into left, Currenbine holding up at second. Richards rolled out, Hughes to Cavarretta. No runs, one hit, no errors, two left.

THIRD INNING

Cubs—Hughes bounced out, Mayo to York. Wyse fanned, swinging at Trucks' fast one. Hack rolled down to York at first base, and was safe when the Tigers got mixed up and Trucks failed to cover the sack and take York's toss. It was ruled a single. Johnson fanned swinging. No runs, one hit, no errors, one left.

Tigers—Trucks rolled out, Johnson to Cavarretta. Webb flied out to Nicholson in right field. Mayo rolled out, Johnson to Cavarretta. No runs, no hits, no errors, none left.

FOURTH INNING

Cubs—Lowrey was an easy out, Webb to York. Trucks was very fast and his curve was breaking sharply. Cavarretta rapped a double into right centerfield. Pafko sent a roller to short and was thrown out, Webb to York, Nicholson singled sharply to right center, scoring Cavarretta with the first run of the game. Gillespie flied out to Cramer in center. One run, two hits, no errors, one left.

Tigers—Cramer whacked a single to center. Hack threw out Greenberg, Cramer reaching second on the play. Cullenbine drew a walk. York lined out to Pafko in center, the runners holding their bases. Outlaw forced Cullenbine at second, Johnson to Hughes. No runs, one hit, no errors, two left.

FIFTH INNING

Cubs—Trucks threw out Hughes at first. Wyse rolled out, Webb to York. Hack rapped a double to centerfield. Johnson went out, Mayo to York. No runs, one hit, no errors, one left.

Tigers—Pafko went far back in left center to haul down Richards' long smash. Trucks popped out to Johnson at second. Webb lined a single into left. Mayo walked on four straight pitches. Cramer sliced a single over third base, scoring Webb and sending Mayo to third With the count one and one Greenberg whaled a home run into the left field stands, scoring Mayo and Cramer ahead of him. Cullenbine rolled out to Cavarretta at first. Four runs, three hits, no errors, none left.

SIXTH INNING

Cubs—Lowrey flied out to Cullenbine in short right. Cavarretta flied to Cramer in short center. Pafko popped to Mayo back of second base. No runs, no hits, no errors, none left.

Tigers—Pafko went back to the 400-foot sign in left centerfield to haul down York's long smash, bracing himself against the wall and making a one-handed catch. Outlaw went out, Hack to Cavarretta. Richards popped out to Johnson back of second base. No runs, no hits, no errors, none left.

SEVENTH INNING

Cubs—Nicholson was out on a roller Mayo to York. Gillespie flied to Greenberg in left. Hughes walked on four straight balls. Secory hitting for Wyse, lined out to Greenberg. No runs, no hits, no errors, one left.

Tigers—Paul Erickson, a right-hander, went in to pitch for the Cubs. He struck out Trucks. Webb beat out a slow roller which Erickson fielded toward the third base line. Lowrey took Mayo's pop fly back of shortstop. Cramer singled over second base, sending Webb to third. Greenberg walked, filling the bases. Cullenbine flied out. No runs, two hits, no errors, three left.

EIGHTH INNING

Cubs—Hack walked on five pitches. Johnson was called out on strikes. Lowrey lined a single to left, Hack holding up at second. Cavarretta rolled out York tossing to Trucks for the putout at first. Both runners advanced. Pafko went out, Webb to York. No runs, one hit, no errors, two left.

Tigers—York out, Hughes to Cavarretta. Outlaw fouled out to Gillespie. Richards lined out to Hughes. No runs, no hits, no errors, none left.

NINTH INNING

Cubs—Nicholson walked. Gillespie rolled out to York, unassisted, Nicholson taking second. Hughes popped up to Outlaw behind the pitcher's mound. Becker, batting for Erickson, fanned. No runs, no hits, no errors, one left.

Bleacherites Faithful.

DETROIT, Oct. 4.—(AP)—The 9-0 defeat the Chicago Cubs handed the detroit Tigers in the world series opener yesterday didn't discourage the faithful breacherites today.

An estimated 3,000 were in line at 7 a. m. to buy unreserved seats at Briggs Stadium. Two women, Darline Garneau and Mrs. Theresa Lucas, both of Detroit, were first in line; they arrived at the stadium at 7 p. m. Wednesday, with blankets, heavy coats, jugs of coffee and bags of sandwiches.

Hundreds of other persons spent the night in automobiles near the stadium.

Pitchers for Friday

BRIGGS STADIUM, Detroit Oct. 4—(AP)—The rival world series managers today nominated left-hander Stubby Overmire and right-handed Claude Passeau as the respective Detroit Tiger and Chicago Cub hurlers for tomorrow's third game of the 1945 set.

Overmire, stump 26-year-old Southpaw, wound up the regular season with a .500 average—9 won and 9 lost. Passeau won 17 and lost 9 during the campaign, pitching 20 complete games and striking out 127 batters.

Managers Steve O'Neill for Detroit and Charley Grimm for the Cubs named these starters, regardless of the outcome of today's second game, in which the Tigers were favored to even things up after losing yesterday's opener.

COLUMBUS TO SHARE HONORS WITH NIMITZ IN TEXAS OCTOBER 12

AUSTIN, Oct. 4.—(AP)—Christopher Columbus will share honors with Admiral Chester W. Nimitz in Texas Oct. 12.

Columbus Day is a legal holiday in Texas. This year it will also be Chester W. Nimitz Day by proclamation of Gov. Coke R. Stevenson.

Nimitz arrives in Dallas that day for a big Texas welcome from his home state.

The governor proclaimed Oct. 12 as Nimitz Day "inasmuch as it marks the anniversary of the landing of another great sailor."

Text of the proclamation:

"Whereas, Texas has been noted during its entire history for its gallant and courageous action in time of war and has brought forth such able and daring farriors as Houston, Travis, Dick Dowling and Nimitz, and,

"Whereas, Texas has continued and perpetuated this tradition during World War II by providing countless numbers of men of marked courage and patriotism whose skill and intelligence have played a large part in formulating and effecting the strategy by which the war was won; and,

"Whereas, Fleet Admiral Chester W. Nimitz, in his gallant leadership as commander in chief, United States Pacific Fleet and Pacific ocean areas, wag highly successful in rolling back the tide of Japanese aggression from its inception at Pearl Harbor to the ultimate end at Tokyo; and,

Texan in All Ways.

"Whereas, Fleet Admiral Nimitz, a man of keen intelligence possessed of rare qualities of common sense and leadership, is a Texan both by birth and by temperament, and it is extremely fitting that we commend him as one of the greatest military leaders of all time, for his efforts which resulted in complete and overwhelming victory over the enemy; and,

"Whereas, Fleet Admiral Nimitz will arrive in Texas, his native state, on the morning of October 12, and this day has been set aside to officially greet and welcome him. It seems inasmuch as it marks the anniversary of the landing of another great sailor—Christopher Columbus:

"Now, therefore, I, Coke Stevenson, governor of Texas, do hereby proclaim October 12, 1945, as Chester W. Nimitz Day and urge each community within the state to observe the day by some demonstration of the esteem in which Fleet Admiral Nimitz is held by all true Texans."

War Production Board Abolished By Truman Order

WASHINGTON, Oct. 4.—(AP)—President Truman today signed an executive order abolishing the war production board and replacing it with a civilian production administration, effective November 3.

Press Secretary Charles G. Ross said that WPB Chairman J. A. Krug was resigning, effective Nov. 3, when the Civilian Production Administration takes over under J. D. Small as administrator.

Small is now chief of staff for the WPB.

The president's order sets up the Civilian Production Administration in the Office for Emergency Management.

The OEM is part of the executive office of the president.

The president's order said that the powers transferred to the new agency shall be used to (a) expand production of materials short in supply, (b) limit manufacture of products for which materials or facilities are insufficient, (c) control the accumulation of inventories to avert speculative hoarding and unbalanced distribution, (f) grant priority assistance to break bottlenecks, (e) facilitate relief and essential export programs (f) allocate scarce materials and facilities for the production of low-priced items essential "to the continued success of the stabilization program."

NAME COMMITTEE TO INVESTIGATE SILK PRODUCTION

WASHINGTON, Oct. 4—(AP)—A five-man House Agriculture Subcommittee was named today to investigate silk production in this country.

On the group are Reps. Ponge (D-Tex), chairman, Abernathy (D-Miss), Hartiman (D-Tenn), Andresen (R-Minn and Phillips (R-Calif).

They were selected for the study after Ernest Mims, manager of the Mineral Wls. Tex., Chamber of Commerce told the House Agriculture committee of the production and processing of silk worms in that city.

Mims asked that the government foster research to encourage expansion of silk production as a domestic enterprise.

Billy Pugh, who is stationed in the personnel office at the Naval Frontier Base in San Pedro, Calif., has been promoted from seaman second class to seaman first class, according to a message received by his parents, Mr and Mrs. L. A. Pugh.

THERE'LL BE ONLY ONE THANKSGIVING TEXAS THIS YEAR

AUSTIN, Oct. 4,—(AP)—There'll be no two Thanksgivings in Texas this year.

That's the word Gov. Coke R. Stevenson gives persons asking that he proclaim two days of thanks, Nov. 22 and Nov. 29.

The governor declared he gave notice last year that this year he will follow federal legislation making the fourth Thursday the official Thanksgiving Day. November has five Thursdays this year and some persons want that day (Nov. 29) as well as Nov. 22 designated at Thanksgiving Day.

36TH DIVISION VETERAN SECURES TOP-FLIGHT JOB

Melvin Gilcrease, former 36th Infantry Division veteran of Corsicana, in three short months out of service has secured a responsible job with a top-flight outfit in San Antonio, and has the assurances of his boss that "the sky's the limit."

Twelve days after his discharge, on June 20, Gilcrease went to work for his present employer, The Texas Company, and thus the success story began. He tried a two-weeks rest at home, but "I was restless and just couldn't setle down. I was rarin' to go to work."

After four days in Corsicana, he returned to the refinery and was put to work. He learned three different jobs in six weeks, and now is working as a laboratory tester.

Later this month, Gilcrease expects to study accounting and office practice, under the G. I. Bill at Trinity University in San Antonio. He's angling for an executive spot with the Texas company. After absorbing all that Trinity can offer, he plans to request leave from the firm and take higher accounting at the University of Texas.

Although his high school education is serving present job requirements, Gilcrease feels he'll need more schooling to realize his larger aims in life. Brought up on a farm, he enlisted in November, 1940, and put in most of his time with the 36th Division. In Italy he was forward artillery observer and liaison pilot. He wears the Soldier's Medal and Bronze Star.

As for the future, Gilcrease says "I intend to stick to concrete sidewalks and bright lights. The days when I had to do 12 miles to school, and rural life in general, are about over for me."

Sgt. Carl Curington, who saw service in the North African campaign, was wounded and sent to a Brazilian hospital, has arrived in the States and has received his discharge. He was a recent guest in the home of his mother, Mrs. J. R. Curington, en route to California to join his wife for a short visit, after which they expect to reside in Midland.

Can Today's Society Meet the Samaritan Test?—The Supreme Post-War Problem Is How to Make Practical the Jesus Teaching of Brotherhood—Religion's Part.

By WILLIAM T. ELLIS and EARL L. DOUGLASS

Up in the woods north of Toronto, the Kiwanis Clubs conduct a Summer camp for boys. Last July while on a hike, an undersized eleven-year-old lad, called "Peewee," got separated from his companions and lost in the brush.

At once men began to rally to the search, until more than five hundred were enlisted in the night and day hunt for a lost boy. Two hundred soldiers, forestry guards and air unit and planes, trained dogs and miscellaneous volunteers united in the quest. City papers gave the search space and position equal to war news. Public interest was intense.

For three and a half days the unprecedented effort was continued, until at last the boy was found—safe and little the worse for his adventures.

That incident pictures the depths of the heart of our present-day society. We are all of us Good Samaritans when we are aroused. Most of the time, though, we are unheeding, and engrossed in our own personal affairs. We cannot visualize or dramatize the millions of boys and girls lost in the wilderness of our modern life; or recognize the beaten and broken forms by the wayside, victims of the cruelty of economic and military war. Like the priest and the Levite in our Lesson story, we have passed by unheeding, because wrapped up in our own affairs, and forgetful of the sacredness of life.

What "The Left" Means

Recent national elections and demonstrations around the world have revealed a mighty drift to the "left" that has alarmed many conservative persons. They see it as a menacing Communist approach. Why so? Is it not more in accord with the facts to accept this reolutionary trend as an aspirationa for a more equitable life for all mankind? What has happened is not the work of professional propagandists, but the aroused spirit of all mankind, in its deathless desire for brotherhood and justice. There is something radically wrong with the way human benefits are distributed, and a vast multitude of people are beginning to realize it. We are witnessing a large-scale quickening of the Good Samaritan spirit. May it not be an expression of the deep-dwelling desire for the coming of the Kingdom of God?

If we are to have a democratic human society, there is no use in opposing these new manifestations of the public will. Instead, every effort should be put forth to give them their proper spiritual content. It is right to go 'left" if the purpose is to make operative the will of God.

Religion in Politics

We have had too much politics in religion, and too little religion in politics. Politics—which is the conduct of public affairs, presumably for the public good—needs the drive and high spiritual power of religion to keep it on its proper level.

The quibbling lawyer, who sought to entrap Jesus, had the right precept on his lips, if not the right purpose in his heart. Love for God and love for man are the supreme law. And they are to be expressed in deeds: that is why Jesus told the Good Samaritan story. Not in Levitical separateness or in priestly pursuits, but in the deed of simple and selfless helpfulness is religion revealed. The new social laws which have been enacted or proposed in Canada and the United States and Great Britain contain more Gospel than many sermons.

Our large-scale task, in this post-war generation, is to make practical the brotherly teachings of Jesus. He made a Samaritan whom all good Jews shunned, the hero of His famous story. Which may be taken as a text upon all racial, religious, and social discrimination.

"There is a Way"

This Lesson is the first of a three months' series upon "The Christian and His Relationships.' It is sub-titled, "The Christian Way of Life." For there really is a Christian Way, which marks those who seek to follow Christ in all things. Now that peace has come there is no other way to rebuild the world.

Christ's idea of religion always worked out into life. He Himself 'came not to be ministered unto but to minister." His friends have always been the helpers of people.

If all the Good Samaritan deeds done in one day, for love of Christ, were to be recorded, they would make a Golden Book beyond measurement. The home-keeping mothers, rearing families by Bible standards; the millions of Sunday School teachers who dedicate their intellectual and spiritual powers to fundamental service; the men who maintain their honor by faithful work and clean lives; the youth who dream dreams of nobility, the ministers of the Gospel—what a countless army it is that pursues the Christian Way of Life!

SEVEN SENTENCE SERMONS

Let us impart all the blessings we possess, or ask for ourselves to the whole family of mankind.
—George Washington.

The whole world of experience points to a unity in all creation and to a Principle from which all springs, which orders our human faculties, and again and again sends new life into the world.
—Wilfrid Allott.

Do not envy the appearance of happiness in any man, for you do not know his secret griefs.
—Dandemis.

O Brother Man! Fold to thyself thy brother;
Where pity dwells, the peace of God is there;
To worship rightly is to live each other,
Each smile a hymn, each kindly deed a prayer.
—Whittier.

A needle's eye is wide enough for two friends; the whole world is too narrow for two foes.
—Persian Proverb.

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.
—Luke 10:27.

Hearts are gardens,
Thoughts are roots.
Words are the blosoms,
Deeds are the fruits.
—Anon.

The Sunday School Lesson for October 7 is, "The Christian Way of Life"—Matthew 22:36-39; Mark 12:28-34; Luke 10:25-37.

MEMBERS OF LOCAL RATIONING BOARD GUESTS OF CIVITANS

Appreciation "for a job well done" was expressed to past and present members of the Navarro County War price and Rationing Board at a luncheon meeting of Civitan Club Thursday in Navarro Hotel.

Other civic clubs were represented at the luncheon, and special guests included the personnel of the city commission as well as the rationing board.

Suttle Roberts, master of ceremonies, presented a wrist watch to Wilbur A. Wright, chairman of the board "as a token of esteem" from the merchants of Corsicana.

Roberts also introduced R. C. Love, F. B. McKie, T. J. Hickey, W. C. Ralston, Pat Loggins, John Murchison, Lloyd Kerr, and Jim Collins. Unable to attend were Ivan Rosenberg, A. S. Vann, W. C. Stroube and Dave Kelton.

"I do believe we had the best rationing board anywhere," Wright said in reply. "It was made up of a group of our citizens, all of them hand-picked. They were never interfered with by politicians; they went by the rules; they remained honest." He expressed his appreciation and that of the board for the cooperation they had received during the past three years.

The Civitan Club quartet sang "Standing in the Need of Prayer," "All God's Chillun Got Wings" and "In the Hills of Old Wyoming," with Mrs. Lyman Barnes accompanying.

Mrs. Wilson Waddell, Mrs. Samuel Fleming and Mrs. Wilbur Wright were introduced. Frank Dunn was introduced as a new member. Ed Wendorf served as program chairman.

Festus Pierce announced that next week's program would be a special message from Tom Tyson, local attorney.

Information From Navarro County Rationing Board

"When you pay stamps for a rationed commodity you are performing an act of good citizenship in a democracy adjusting itself to post-war," said Wilbur A. Wright, chairman of the Navarro county war price and rationing board, Wednesday morning.

One of the most frequently asked questions at the rationing board is "Why do we pay stamps since the war is over?" the chairman revealed.

"You are co-operating with the system set up by your government to make sure that everyone gets all he needs of the best there is," he continued. "You are all exemplifying democracy by helping to distribute to your fellow citizens equal shares of things that are scarce."

New Synthetic Tire Be Introduced Soon

The first postwar tire and first new design in passenger automobile tires since Pearl Harbor—a synthetic tire which its makers say will outwear prewar tires made of natural rubber, will soon be introduced in the Corsicana market, according to Joe York, local retailer of B. F. Goodrich tires.

This company, in June of 1940, introduced the first synthetic automobile tires over put on the general market in this country as "the best way to focus attention on the nation's then precarious rubber supply situation," according to York.

The local dealer pointed out that "in addition to markedly differently design of this new tire, in both tread and carcass, it is made with a special variety of government synthetic rubber known as 'GR-S-10' and developed by Goodrich engineers."

When the new tire will be available in quantity to eligible motorists is indefinite at this time, York pointed out, adding that it is expected the new tire will be available throughout the country by year's end.

Ensign Liston Tatum, Jr., is returning to Washington, D. C., the latter part of the week, after spending his leave in the home of his parents, Mr. and Mrs. Liston Tatum.

Mrs. T. H. Westbrook III and son, Thomas IV, hace arrived from Dei Rio to visit in the home of Mr. and Mrs. T. A. Westbrook, Jr.

JOE WOLENS LEFT SUNDAY FOR MARKETS OF NEW YORK CITY

Joe Wolens left Sunday for New York, where he will join Max Wolens at the K. Wolens department store, New York, buying office to begin early winter and Christmas purchasing.

En route to New York he will stop in Boston to visit his daughter, Dorothy, a student at Wellesley, and to visit the shoe markets there. On his return trip he will stop off for a visit with another daughter, Marjorie, student at the University of Chicago.

Max Wolens has been in the New York office for the past 10 days and writes that the advantages of a private buying office for K. Wolens are evident.

4-H CLUB NEWS

Barry Girls.

Miss Joan Millican, assistant Home Demonstration agent, met with the Barry 4-H Girls' Club for re-organization for 1946 in the Barry High school auditorium Wednesday, October 3.

Officers elected were as follows: Joyce Ragan, president; Elinor Elliott, vice president; Robbie Joe Brown, secretary and treasurer. Mary Jean Luther, reporter; Marcia Lou Bell, song leader; Lena Parks and Betty Luther, recreational leaders; Mary Jean Luther, clothing demonstration chairman; Patsy Braly, berry demonstration chairman.

Meetings will be held monthly, with programs and projects to be worked out by the 4-H Girls, under the supervision of Miss Millican. Members are looking forward to a successful year of club work.

NAVY RECRUITERS BE IN CORSICANA FRIDAY AFTERNOON

Representatives from the Navy Recruiting Station in Waco will be in Corsicana from 2 to 5 o'clock Friday afternoon, with headquarters at the post office, to interview applicants.

A limited number of young men are being accepted for the Naval Reserve, but emphasis is on the four-year regular Navy enlistment, with no limit on number of applicants and enlistments, F. A. Wade, Chief Petty Officer in charge of the Waco station, said.

Men from 17 to 30 years of age, who can qualify under lowered physical standards, are eligible for enlistment in the regular Navy, Chief Wade pointed out, and even though a man is in the draft age, he may volunteer and enlist up to the time of actual induction.

Capt. and Mrs. Melvin Best and twin daughters, Judith Elaine and Carol Ann, have arrived from Greenville, S. C., to visit in the home of Mrs. Best's parents, Mr. and Mrs. W. H. Hays. Mrs. Hays, who spent the past month in their home, returned with them.
